Comments: I do not know what brand of transmission fluid is in my 1998 BMW 540i right now.

E39 diff and manual trans fluids and capacities?

E39 540i manual transmission oil level. The owners manual calls for 1.3 qts but I always thought to fill the tranny until the fluid starts running out of the fill hole. With 1.3 qts in it,

the level is nowhere near the fill hole.

What Transmission Fluid for My BMW? E39 E46 E38 ZF or GM

I have owned many cars over the years with manual transmissions and the metals used in these man trans boxes are very similar, but the "recommended" fluids changed over the years. The change happened mostly because people complain of shifting difficulty when COLD, so some mfg's recommend ATF so it is easier to shift in the morning, but as a lubricant, ATF is not very good for gears grinding on ...

Re: 2000 540i 6 speed transmission fluid ? I'm

about to change mine after 60K and it's probably the same yellow sticker on the tranny with MTF-LT-1. I've researched the archives (lots of info) and will probably use Royal Purple Synchromax.

## **E39 540i manual transmission oil level.**

Your manual transmission can take a heck of a beating over the years and it is one of the most neglected service areas on a car. The fluid assists in the lubrication and heat disputation of the transmission, and even though it is in a closed environment, the fluid can become old and

---

contaminated.
