In this book, Markus Locker demonstrates that the paradox behind each truth claim opens a channel of communication of truths.

**Moore's Monthly Magazine** The Glass Castle

The Sunday Times Bestseller 'His name was Ibrahim. He was about five years old and the thing he wanted most in the world was to go to school.' In a tiny country on the Horn of Africa, extreme adventurer, former soldier and star of Channel 4's Hunted Jordan Wylie made an extraordinary promise to a remarkable young boy. Ibrahim's home Djibouti is a refuge from neighbouring war zones, playing host to children excluded from the basic privileges we take for granted in the West. So, armed with skills learned from a lifetime of adventures, Wylie vowed to raise funds to build a new school for those children. And thus began a series of exceptional challenges, seeing Wylie row solo across the pirate-infested Bab el-Mandeb Strait in a world first and run extreme marathons in ice-cold climates. To cap it off, he embarked on a journey stand-up paddleboarding around mainland Great Britain, along the way facing military firing ranges, crazy teenagers on jet-skis, psychotic jellyfish and, finally, Covid-19. This is the inspirational true story of the lengths one man went to fulfil a young boy's dream - and of the good that can be achieved even in the hardest of times.

Parliamentary Debates Harvest House Publishers

A triumphant tale of a young woman and her difficult childhood, *The Glass Castle* is a remarkable memoir of resilience, redemption, and a revelatory look into a family at once deeply dysfunctional and wonderfully vibrant. Jeannette Walls was the second of four children raised by anti-institutional parents in a household of extremes.

The THOROUGHLY REVISED & UPDATED 2nd edition of the book "DMRC Exam Paper 1 & 2 for Jr. Engineer (Electrical) Guide + Workbook (10 Practice Sets) 2nd edition" has been specially designed to help students in the latest DMRC exam being conducted by DMRC. The book contains Quick Concept Review of the General Ability Test in 2 parts - Aptitude and Electrical Engineering. The Quick Concept Review is followed by a short exercise with solutions. The book also provides 2 Solved past papers of 2012 & 2013 to guide you about the pattern and the level of questions asked. The book provides 10 Practice Sets (Paper 1 and 2) as per the LATEST pattern of DMRC Electrical Engineering exam. The solutions of the 10 Practice Sets are provided immediately at the end of each Set. The questions have been carefully selected so as to give you a real feel of the exam. Each Practice Set is classified into 2 papers. Paper I is an Objective Test containing General Ability section and Electrical Engineering section. The General Ability section has 60 questions on General Awareness, Logical Ability and Quantitative Aptitude. The Electrical Engineering section has 60 questions on the knowledge of the Electrical Engineering discipline/trade. The Paper II consists of an objective test of English language of 60 questions. Two fully solved past papers of 2012 & 2013 have been provided. It is our confidence that if you attempt each of the tests with sincerity your score must improve at least by 10-15%. The book also provides Response Sheet for each objective test. Post each test you must do a Post-Test Analysis with the help of the Test Analysis & Feedback Sheet which has been provided for each Set.

In this engaging book Matthew Johnson looks 'behind the castle gate' to discover the truth about castles in England at the end of the Middle Ages. Traditional studies have seen castles as compromises between the needs of comfort and of defence, and as statements of wealth or power or both. By encouraging the reader to view castles in relation to their inhabitants, Matthew Johnson uncovers a whole new vantage point. He shows how castles functioned as stage-settings against which people played out roles of lord and servant, husband and wife, father and son. Building, rebuilding and living in a castle was as complex an experience as a piece of medieval art. *Behind the Castle Gate* brings castles and their inhabitants alive. Combining ground-breaking scholarship with fascinating narratives it will be read avidly by all with an interest in castles.
