Projects | Education.com  
Extrusive rocks are formed when  
magma makes its way to Earth's  
surface. The molten rock erupts or  
flows above the surface as lava, and  
then cools forming rock.

Recognize that the strength or  
usefulness of a scientific claim  
is evaluated through scientific  
argumentation, which  
depends on critical and logical  
thinking, and the active  
consideration of alternative  
scientific explanations to  
explain the data presented.

Hi. I was wondering if anyone  
on here has taken or is taking the  
Earth-science class on FLVS. I  
am looking to take a science  
class on there and marine  
science isn't working out for me.  
So can you please tell me about  
the class and if there are project  
every module and am I going to  
travel for assignments.
