A birdhouse is one  
of the most  
popular wood  
crafts for kids  
projects and  
probably everyone  
has done it at  
some point in  
their life. This is  
an easy project  
that the kids will  
enjoy a lot and

you should make  
one that really  
stands out from the  
rest. You will need  
very little amount  
of wood, like a  
sheet of plywood  
or less.

...  
Wooden stamps  
are great projects  
for kids, and you  
have a usable item  
at the end of it. Just  
be careful because  
these projects for  
kids pose some  
risks for hands and  
fingers. The wood  
that you'll need  
can be taken from  
a fairly thick tree  
branch. Cut them  
up into 4 – 5 inch  
slices using a small  
hand saw. Using  
sand paper,

smooth both sides of  
the freshly cut  
branch and their  
edges.

Drill four 1/2-in. deep holes on the underside of the small disc and a 1/2-in. deep hole in the center of the top for the dowel handle. Glue in the dowels to join the discs, then glue in the handle. We drilled a wood ball for a handle knob, but a screw-on

ceramic knob also provides a comfortable, attractive grip.
