Write Essays, Reports, Emails-Anything-Better, Easier, and Faster A friend once told me, "I hate writing. I prefer math because there's one right answer." Trust me, it's not the first time I've heard those sentences as an English teacher. For so many people, writing is a difficult, time-consuming, stressful chore. But what if I gave you the "right answers" that other teachers never knew to tell you? "How to Write an Essay like an Equation: Write Better, Easier, Faster" is the perfect book for busy students and professionals who want short, practical solutions to their writing challenges. This concise writing guide will help you: Understand the types of audiences every writer faces; Establish an engaging sense of purpose in everything you write; Grasp the main genres of academic and professional writing; Get a main idea across more clearly and persuasively; Support main ideas with compelling evidence and clear structure; Link ideas to each other, creating "flow;" Edit sentences for greater clarity; and Use simple strategies for improving your writing process. Learning about these topics would usually require enrolling in a 16-week course and paying hundreds, if not thousands, of dollars in tuition. You're frugal and busy, though, so I save you all of that money, time, and effort. "How to Write an Essay like an Equation offers writers of all levels an engaging read and an innovative step-by-step approach to writing. I especially appreciate the thought-exercises and activities at the end of each chapter-reflection and application! This book has become my go-to recommendation for student writers." - Jennifer Weiss, Director of an university writing center "The book will teach you how to highlight your main ideas, link thoughts and sentences, and edit your own work. You want this book if you find writing to be a fuzzy, amorphous activity and want clear steps to follow for creating solid written work." - Rebecca Helton, Edge for Scholars I can teach only so many students in a class, but by publishing this book, I'm able to offer my best writing instruction in a much cheaper, faster, easier package. If you improved your writing, how would your life improve? What are you waiting for?
