Ecce Romani Ecce Romani Reading-based Latin Program. This program offers striking full-page, full-colour illustrations realistically depict Roman culture (Levels I, II) and colourful maps encourage students to trace important historic events (Levels I, II). The large, easy-to-read pages include colour-coded grammar sections to simplify class discussion and new vocabulary is cued to the text, so students immediately understand what they're reading. Complete Grammar and Syntax Glossary makes it easy to find those hard-to-remember grammar rules, as does the full English-Latin, Latin-English Dictionary.

The Rights of War and Peace Longman Schools Division (a Pearson Education Company) Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional

methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded

picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

El-Hi Textbooks & Serials in Print,
2005 Brown Bear Books/Joe Hollander

Like other languages, Latin contained certain words its speakers considered obscene as well as a rich stock of sexual euphemism and metaphor. Our sources for this information range from surviving graffiti to literary works with a marked sexual content. Yet despite its manifest literary and linguistic interest, the sexual vocabulary of Latin has remained uninvestigated by scholars. J. A. Adams's pioneering and unique reference work collects for the first time evidence of Latin obscenities and sexual euphemisms drawn from both literary and nonliterary sources from the early Republic to about the fourth century A.D. Separate chapters treat each of the sexual parts of the body and the terminology used to describe sexual acts. General topics include the influence of Greek language on Latin, changes in the Latin vocabulary over time (including the evolution of sexual words into general terms of abuse), and lexical differences among various literary genres.

CA News BRILL

Virgil, Aeneid 8 provides the first full-scale commentary on one of the most important and popular books of the great epic of imperial Rome. The commentary is accompanied by a new critical

text and a prose translation.

Ecce Romani 09 Level 1b Se
Prentice Hall

ECCE ROMANI - a Latin reading course - was first published in 1971. Its aims are to bring pupils quickly to the point where they can read Latin with confidence, and also to give them some insight into life in the early Roman Empire. The reading passages are written in a lively style and grammatical information is dealt with efficiently and sensibly. This second edition is the result of a complete revision and now provides better preparation for examinations at 16+. It consists of five course books (each with an accompanying book of teacher's notes), two companion reference books and a Roman Studies Handbook containing bibliographical references.

A Roman Map Workbook Bolchazy-Carducci Publishers

The leading Latin course worldwide Book I begins in the city of Pompeii shortly before the eruption of Vesuvius. Book I is full colour throughout, with a clear layout of stories and language notes. Featuring a glossary for quick reference and comprehension questions, the book also includes a full explanation of language points and grammar practice exercises.

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latin is designed to be comprehensive and requires no supplementary material; it explains English grammar points and provides drills especially for today's students. It offers sections on Latin metrics, includes numerous unaltered examples of ancient Latin prose and poetry, incorporates selections by authors such as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and work. It offers a comprehensive workbook that provides drills and homework assignments. This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of syntax and morphology drills, and offering additional short and longer readings in Latin prose and poetry.

Learn to Read Latin Addison-Wesley Praised by teachers for many years, this format is now easier to manage. Passages are carefully controlled to use only vocabulary and syntax already taught and tested. Reading-skills instruction and translation help prepare students for second-year Latin. Twenty lessons formerly in Level I are now at the beginning of Level II, thereby providing better overall pacing.

Whitaker's Cumulative Book List Cambridge University Press Taking the SAT Latin Subject Test? Then REA's SAT Subject Test: Latin Test Prep with Practice Tests on CD is just for you! Written by an experienced Latin teacher, this second edition of our bestselling SAT Subject Test: Latin test prep includes a comprehensive review of covers all language areas appearing on the actual exam including coverage of declensions, conjugations, sentence structure, and more. This edition of the first part of Ovid's witty, and unjustifiably infamous, love poem reproduces E.J. Kenny's authoritative text with the first detailed commentary in English, and includes an introduction dealing with the poem's style and history.

Ecce Romani 1 Prentice Hall

What is Latin? If you will look at the map of Italy on the opposite page, you will find near the middle of the peninsula and facing the west coast a district called Latium,¹ and Rome its capital. The Latin language, meaning the language of Latium, was spoken by the ancient Romans and other inhabitants of Latium, and Latin was the name applied to it after the armies of Rome had carried the knowledge of her language far beyond its original boundaries. As

the English of to-day is not quite the same as that spoken two or three hundred years ago, so Latin was not always the same at all times, but changed more or less in the course of centuries. The sort of Latin you are going to learn was in use about two thousand years ago. And that period has been selected because the language was then at its best and the greatest works of Roman literature were being produced. This period, because of its supreme excellence, is called the Golden Age of Roman letters. This is a high quality book of the original classic edition. It was previously published by other bona fide publishers, and is now, finally, back in print. This is a freshly published edition of this culturally important work, which is now, at last, again available to you. Enjoy this classic work. These few paragraphs distill the contents and give you a quick look inside: Part II carries the work through the first sixty lessons, and is devoted to the study of forms and vocabulary, together with some elementary constructions, a knowledge of which is necessary for the translation of the exercises and reading matter. ...The Latin language, meaning the language of Latium, was spoken by the ancient Romans and other inhabitants of Latium, and Latin was the name applied to it after the armies of Rome had carried the knowledge of her language far beyond its original boundaries. As the English of to-day is not quite the same as that spoken two or three hundred years ago, so Latin was not always the same at all times, but changed more or less in the course of centuries. ...The Normans spoke French-which, you remember, is descended from Latin-and spread their language to a considerable extent over England, and so Norman-French played an important part in the formation of English and forms a large proportion of our vocabulary. ...In English we have three cases, -nominative, possessive, and objective; but, in nouns, the nominative and objective have the same form, and only the possessive case shows a change of ending, by adding 's or the apostrophe.

Scott Foresman & Company
Introduction to Latin, Second Edition is an introductory Latin textbook designed with a streamlined flow that allows it to be completed in one year. Its concise and uncluttered approach gives students what they need to master the material. Grammar is integrated within the context of reading fluency. Innovative exercises provide translation practice as well as build "instinctive skills" that prepare students for reading authentic Latin works. Features: Concise, streamlined presentation focuses on what students need to know, allowing the material to be covered in a year, even for courses which meet only three days a week. Innovative exercises that go beyond the usual translation practice, engaging students with the mechanisms of the language and developing "more

instinctive" skills Succinct grammatical explanations that don't overwhelm the students with superfluous detail while also providing help for students with little or no understanding of English grammar Latin readings from ancient sources in the form of both sentences and short passages allow for students to connect with authentic Latin Practical instructions often overlooked by other textbooks, including reading a dictionary entry, reading strategies, sentence patterns, gapping, and expectations New to the Second Edition Revised order of presentation that spreads material out more evenly between the first and second halves of the book Derivatives exercises added at the end of each chapter providing practice connecting English words with their Latin roots Bridge to next level: final three chapters provide review and include longer narrative readings with minimal editing to bridge students to the next level of Latin Revised selection of readings for more appropriate level of difficulty

Ecce Romani Level 2 Hackett Publishing

Cicero composed his incendiary Philippics only a few months after Rome was rocked by the brutal assassination of Julius Caesar. In the tumultuous aftermath of Caesar's death, Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control. Philippic 2 was a weapon in that war. Conceived as Cicero's response to a verbal attack from Antony in the Senate, Philippic 2 is a rhetorical firework that ranges from abusive references to Antony's supposedly sordid sex life to a sustained critique of what

Cicero saw as Antony's tyrannical ambitions. Vituperatively brilliant and politically committed, it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric. It ultimately led to Cicero's own gruesome death. This course book offers a portion of the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard's volume will be of particular interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with Cicero, his oratory, the politics of late-republican Rome, and the transhistorical import of Cicero's politics of verbal (and physical) violence.
