Measurement of Economic Development - Economics Discussion

Economics, social science that seeks to analyze and describe the production, distribution, and consumption of wealth. In the 19th century economics was the hobby of gentlemen of leisure and the vocation of a few academics; economists wrote about economic policy but were rarely consulted by legislators before decisions were made. Today there is hardly a government, international agency, or ...

Development economics - Wikipedia

ADVERTISEMENTS: Generally, economic development is a process of change over a long period of time. Though there are several criteria or principles to measure the economic development, yet none provides a satisfactory and universally acceptable index of economic

development. Hence, it is a complex problem to answer about the measuring of economic development. ADVERTISEMENTS: R.G. [...] Economics of Development (Seventh Edition): 9780393123524 ...
