Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

On Sunday April 27, 2003, 27-year old Aron Ralston set off for a day's hiking in the Utah canyons. Dressed in a t-shirt and shorts, Ralston, a seasoned climber, figured he'd hike for a few hours and then head off to work. 40 miles from the nearest paved road, he found himself on top of an 800-pound boulder. As he slid down and off of the boulder it shifted, trapping his right hand against the canyon wall. No one knew where he was; he had little water; he wasn't dressed correctly; and the boulder wasn't going anywhere. He remained trapped for five days in the canyon: hypothermic at night, de-hydrated and hallucinating by day. Finally, he faced the most terrible decision of his life: braking the bones in his wrist by snapping them against the boulder, he hacked through the skin, and finally succeeded in amputating his right hand and wrist. The ordeal, however, was only beginning. He still faced a 60-foot rappell to freedom, and a walk of several hours back to his car - along the way, he miraculously met a family of hikers, and with his arms tourniqued, and blood-loss almost critical, they heard above them the whir of helicopter blades; just in time, Aron was rescued and rushed to hospital. Since that day, Aron has had a remarkable recovery. He is back out on the mountains, with an artificial limb; he speaks to select groups on his ordeal and rescue; and amazingly, he is upbeat, positive, and an inspiration to all who meet him. This is the account of those five days, of the years that led up to them, and where he goes from here. It is narrative non-fiction at its most compelling.

E. B. White (1899 1985) is best known for his children's books, Charlotte's Web, Stuart Little, and The Trumpet of the Swan. Columnist for The New Yorker for over half a century and co-author of Strunk and White's The Elements of Style, White hit his stride as an American literary icon when he began publishing his 'One Man's Meat' columns from his saltwater farm on the coast of Maine. In E. B. White on Dogs, his granddaughter and manager of his literary estate, Martha White, has compiled the best and funniest of his essays, poems,

letters, and sketches depicting over a dozen of White's various canine companions. Featured here are favorite essays such as 'Two Letters, Both Open,' where White takes on the Internal Revenue Service, and also 'Bedfellows,' with its 'fraudulent reports'; from White's ignoble old dachshund, Fred. ('I just saw an eagle go by. It was carrying a baby.') From The New Yorker's 'The Talk of the Town' are some little-known Notes and Comment pieces covering dog shows, sled dog races, and the trials and tribulations of city canines, chief among them a Scotty called Daisy who was kicked out of Schrafft's, arrested, and later run down by a Yellow Cab, prompting The New Yorker to run her 'Obituary.' Some previously unpublished photographs from the E. B. White Estate show the family dogs, from the first collie, to various labs, Scotties, dachshunds, half-breeds, and mutts, all well-loved. This is a book for readers and writers who recognize a good sentence and a masterful turn of a phrase; for E. B. White fans looking for more from their favorite author; and for dog lovers who may not have discovered the wit, style, and compassion of this most distinguished of American essayists.

#### A Girl Called Jack Harper Collins

Apollo 11 astronaut Buzz Aldrin's courageous, candid memoir of his return to Earth after the historic moon landing and his personal struggle with fame and depression. "We landed with all the grace of a freight elevator," Buzz Aldrin relates in the opening passages of *Return to Earth*, remembering Command Module Columbia's abrupt descent into the gravity of the blue planet. With that splash, Aldrin takes readers on a journey through the human side of the space program, as one of the first two men to land on the moon learns to cope with the pressures of his new public persona. In honest and compelling prose, Aldrin reveals a side of instant fame for which West Point and NASA could never have prepared him. One day a fighter pilot and engineer, the next a cultural hero burdened with the adoration of thousands, Aldrin gives a poignant account of the affair that threatened his marriage, as well as his descent into alcoholism and depression that resulted from trying to be too many things to too many people. He didn't realize that when he landed on his home planet his odyssey had just begun. As Aldrin puts it, "I traveled to the moon, but the most significant voyage of my life began when I returned from where no man had been before." *Return to Earth* is a powerful and moving memoir that exposes the stresses suffered by those in the Apollo program and the price Buzz Aldrin paid when he became an American icon.

Mezz Mezzrow was a boy from Chicago who learned to play the sax in reform school and pursued a life in music and a life of crime. He moved from Chicago to New Orleans to New York, working in brothels and bars, bootlegging, dealing drugs, getting hooked, doing time, producing records, and playing with the greats, among them Louis Armstrong, Bix Beiderbecke, and Fats Waller. *Really the Blues*, the jive-talking memoir that Mezzrow wrote at the insistence of, and with the help of, the novelist Bernard Wolfe, is the story of an unusual and unusually American life, and a portrait of a man who moved freely across racial boundaries when few could or did, "the odyssey of an individualist... the saga of a guy who wanted to make friends in a jungle where everyone was too busy making money."

Before New York Times bestselling author Bill Bryson wrote *The Road to Little Dribbling*, he took this delightfully irreverent jaunt around the unparalleled floating nation of Great Britain, which has produced zebra crossings, Shakespeare, Twiggie Winkie's Farm, and places with names like Farleigh Wallop and Titsey.

#### Edexcel International GCSE English as a Second Language Practice Tests Reading and Writing Harper Collins

As a five-year-old, George Alagiah emigrated with his family to Ghana - the first African country to attain independence from the British Empire. *A PASSAGE TO AFRICA* is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope, insight and outrage. In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana, the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life. A sense of possibility lingers, even though the book is full of uncomfortable truths. It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter. The shock of recognition is always there, but it is the personal element that gives *A PASSAGE TO AFRICA* its originality. Africa becomes not only a group of nations or a vast continent, but an epic of individual pride and suffering.

A teenage sociopath rises to power in Britain's criminal underworld in this "brilliant and uncompromising" thriller (The New York Times). Seventeen-year-old Pinkie Brown, raised amid the casual violence and corruption in the dire prewar Brighton slums, has left his final judgment in the hands of God. On the streets, impelled by his own twisted moral doctrine, he leads a motley pack of gangsters whose sleazy little rackets have most recently erupted in the murder of an informant. Pinkie's attempts to cover their tracks have led him into the bed of a timid and lovestruck young waitress named Rose—his new wife, the key witness to his crimes, and, should she live long enough, his alibi. But loitering in the shadows is another woman, Ida Arnold—an avenging angel determined to do right by Pinkie's latest victim.

Adapted for film in both 1948 and 2010 and for the stage as both a drama and musical, and serving as an inspiration to such disparate artists as Morrissey, John Barry, and Queen, "this bleak, seething and anarchic novel still resonate[s]" (The Guardian).
