Practice book Routledge

Used alongside the students' text, Engineering A Level, this pack offers a complete suite of teaching resource material and photocopiable handouts for the compulsory AS and A2 units of the 2005 GCE Engineering syllabus from Edexcel. Coverage is given to the three units required at AS Level, and the 3 additional A2 units required for completion of the A Level award. Mike Tooley provides the essential resources needed by busy teachers and lecturers, as well as a bank of student-centred practical work and revision material, that will enable students to gain the skills, knowledge and understanding they require. Also available in electronic form for adopters upon request, this pack will save teachers and course teams many hours' work preparing handouts and assignments, and is freely photocopiable within the purchasing institution. The pack includes: * Exercises to support and develop work in the accompanying student text * Planned projects which will enable students to display a wide range of skills and use their own initiative * Assessment materials * Reference material for use as hand-outs * Background on running the new Engineering A Level * Teachers' notes supporting activities in the students' book * Additional web-based resources for lecturers available on a companion website. Mike Tooley is formerly Vice Principal and Head of Faculty of Engineering at Brooklands College, Surrey, and is the author of many best-selling engineering and electronics books. * All the essential material required for running the new Engineering A Level qualification from Edexcel * Chapter by chapter match to the compulsory AS and A2 units of the 2005 GCE syllabus * Freely photocopiable within the purchasing institution with electronic files available upon request, this pack will save teachers and course teams many hours' work preparing handouts and assignments
