As a five-year-old, George Alagiah emigrated with his family to Ghana - the first African country to attain

independence from the British Empire. A PASSAGE TO AFRICA is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope, insight and outrage. In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana, the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life. A sense of possibility lingers, even though the book is full of uncomfortable truths. It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter. The shock of recognition is always

there, but it is the personal element that gives A PASSAGE TO AFRICA its originality. Africa becomes not only a group of nations or a vast continent, but an epic of individual pride and suffering.

Behind the closed doors of corporate management lurks a manifesto so devious, so

insidious, and of such diabolic

power, it has the ability to transform normal human

beings into

paradigm – spewin g zombies. Its

purpose: to help

bosses stick it to

their employees. Its

author: none other

than Dogbert, the

canine corporate

consultant out to

rule the world. All

too often, new

managers make

mistakes such as

rewarding good

work with good

pay,

communicating

clearly and improving departmental efficiency. Dogbert shows that this could have devastating consequences: Employees begin to expect fair treatment and compensation, productive workers show results (making managers look bad by comparison), and the department's future budget allotment could be decreased because it spends only what it needs. Drawing from his years of experience tormenting Dilbert and advising his boss, our	Machiavellian mutt uses pithy essays, illustrated by scores of comic strips, to teach neophyte managers such potent practices as: The power of verbal instructions: Sound like a boss while maintaining complete deniability! Empty promises of promotion: all the motivational benefits, none of the costs! Pretending to care: Learn how to hear without listening! Incentives: Inspire employees by giving them worthless knickknacks! Once again firmly establishing Scott	Adams as the spokesman for the absurdities of the workplace (and Dogbert as the guru of sticking it to the masses), Dogbert's Top Secret Management Handbook is the perfect gift for all cubicle dwellers and their bosses. Frank Wood's Business Accounting Volume 1 Oxford University Press - Children Endorsed by Cambridge International to support the full syllabus for examination from 2023. Build strong subject knowledge and skills and an international outlook with author guidance and in-depth coverage
