Written to support and enhance assessment alongside the pupil texts, these resources offer a range of material for the AQA specification. They provide test questions for each chapter together with detailed mark schemes to make assessment easy. Two versions of each question are provided, one allows pupils to write their answers in the spaces provided and the other requires pupils to have separate writing paper. Questions can be grouped according to needs. Master grids are provided to cut and

paste tests together in a consistent format to use the resource in any order. Chapter tests can be grouped to form a module test after chapters. End-of-chapter examinations can also be produced in this way. A free non-calculator supplement organised by unit/chapter is also included in this resource.

Maths - Higher Nelson Thornes

A textbook covering all the requirements for GCSE Intermediate

Maths in three graded stages. It also serves as a revision programme

consisting of a summary and mixed exam questions at the end of each

stage. Included are reminders of key topics and work done at Key

Stage 3 with fact sheets phased throughout Stage 1. A range of icons

guide the user throughout the material, indicating the topics covered,

key objectives, definitions, formulas, dos and don'ts and sample

questions.

Maths Key Maths GCSE.. Intermediate

researchED is an educator-led organisation with the goal of bridging the gap

between research and practice. This accessible and punchy series, overseen

by founder Tom Bennett, tackles the most important topics in education, with

a range of experienced contributors exploring the latest evidence and

research and how it can apply in a variety of classroom settings. Claiming

that the leadership industry has failed to have the impact on schools that is

required, this book takes a fresh view that domain-specific knowledge and

expertise is vital to running schools well and argues that we tend to

underestimate the knowledge required to do this complex job efficiently. In

the researchED guide to leadership, Stuart Lock brings together chapters by

experts including Dylan Wiliam, Jen Barker, Danielle Dennis, Jon

Hutchinson and The Reading Ape to unpick the challenges of school leadership, combining a thorough trawl of the research and mixing in practical advice to exemplify a very different approach to leading schools - one that is rooted in developing the required knowledge to address the challenges that are common to our schools.
