Winner of the 2015 Edgar Award for Best Critical/Biographical! Follow the footsteps of the father of American horror fiction. Edgar Allan Poe was an oddity: his life, literature, and legacy are all, well, odd. In *Poe-Land*, J. W. Ocker explores the physical aspects of Poe's legacy across the East Coast and beyond, touring Poe's homes, examining artifacts from his life—locks of his hair, pieces of his coffin, original manuscripts, his boyhood bed—and visiting the many memorials dedicated to him. Along the way, Ocker meets people from a range of backgrounds and professions—actors, museum managers, collectors, historians—who have dedicated some part of their lives to Poe and his legacy. *Poe-Land* is a unique travelogue of the afterlife of the poet who invented detective fiction, advanced the emerging genre of science fiction, and elevated the horror genre with a mastery over the macabre that is arguably still unrivaled today.

Dreaming Revolution usefully employs current critical theory to address how the European novel of class revolt was transformed into the American novel of imperial expansion. Bradfield shows that early American romantic fiction - including works by William Godwin, Charles Brockden Brown, James Fenimore Cooper, and Edgar Allan Poe - can and should be considered as part of a genre too often limited to the Nineteenth-century European novel. Beginning with Godwin's Caleb Williams, Bradfield describes the ways in which revolution legitimates itself as a means of establishing Political consensus. For European revolutionaries like Godwin or Rousseau, the tyranny of the king must be replaced by the more indisputable authority of human reason. In other words, democratic revolution makes people free to investigate the same truths and arrive at the same democratic conclusions. In the American novel, however, the Enlightenment's idealized pursuit of abstract truth becomes restructured as a pursuit of abstract space. Instead of revealing knowledge, Americans explore further territories, manifest destiny, limitless regions of the yet-to-be-colonized and the still-to-be-known. In a spirited discussion of works by Brown, Cooper and Poe, Bradfield argues that Americans take the class dynamics of the European psychological novel and apply them to the American landscape, reimagining psychological spaces as geographical ones. Class distinctions become refigured in terms of the common people's pursuit of a meaning vaster than themselves - a meaning which leads them to imagine the always expanding body of colonial America. However, since class conflict is never successfully eliminated or forgotten, the memory of class struggle always reemerges in the narrative like a half-repressed dream of politics. In *Dreaming Revolution*, Bradfield reveals and interprets these dreams, opening these American novels to a richer and more rewarding reading.

"We tend to think of Edgar Allan Poe as a loner, living in a world of his own imagination and detached from his physical environment. Poe might seem like a Nowhere Man, but of course he was always somewhere - just not at the same address for very long. *The Man of the Crowd* chronicles Poe's rootless life, focusing on the American cities where he lived the longest: Richmond, Baltimore, Philadelphia, and New York. The Poe who emerges in *The Man of the Crowd* is a man whose outlook and career were shaped by his physical environments - mostly urban and almost entirely American. His career was tied closely to the rise of American magazines, so he lived in the cities that produced them and wrote not just stories and poems but journalism and editorials with an urban magazine-reading public in mind. For years he witnessed urban slavery up close, living and working within a few blocks of slave jails and auction houses in Richmond. In Philadelphia, he saw an orderly, expanding city struggling to contain its own violent propensities. And at a time when suburbs were just beginning to offer an alternative to crowded city dwellings, Poe tried living cheaply on the then-rural Upper West Side of Manhattan and, later, in what is now the Bronx. Though Poe rarely provided "local color" in his fiction, his urban mysteries and claustrophobic tales of troubled minds and abused bodies reflect his experience living among soldiers, slaves, and immigrants"--

"THE SHARPEST AND MOST UNUSUAL STORY I READ LAST YEAR . . . [Mat] Johnson's satirical vision roves as freely as Kurt Vonnegut's and is colored with the same sort of passionate humanitarianism." —Maud Newton, *New York Times Magazine* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Washington Post* • *Vanity Fair* • *Houston Chronicle* • *The Seattle Times* • *Salon* • *National Post* • *The A.V. Club* Recently canned professor of American literature Chris Jaynes has just made a startling discovery: the manuscript of a crude slave narrative that confirms the reality of Edgar Allan Poe's strange and only novel, *The Narrative of Arthur Gordon Pym of Nantucket*. Determined to seek out Tsalal, the remote island of pure and utter blackness that Poe describes, Jaynes convenes an all-black crew of six to follow Pym's trail to the South Pole, armed with little but the firsthand account from which Poe derived his seafaring tale, a bag of bones, and a stash of Little Debbie snack cakes. Thus begins an epic journey by an unlikely band of adventurers under the permafrost of Antarctica, beneath the surface of American history, and behind one of literature's great mysteries. "Outrageously entertaining, [Pym] brilliantly re-imagines and extends Edgar Allan Poe's enigmatic and unsettling *Narrative of Arthur Gordon Pym of Nantucket*. . . Part social satire, part meditation on race in America, part metafiction and, just as important, a rollicking fantasy adventure . . . reminiscent of Philip Roth in its seemingly effortless blend of the serious, comic and fantastic." —Michael Dirda, *The Washington Post* "Blisteringly funny." —Laura Miller, *Salon* "Relentlessly entertaining." —*The New York Times Book Review* "Imagine Kurt Vonnegut having a beer with Ralph Ellison and Jules Verne." —*Vanity Fair* "Screamingly funny . . . Reading Pym is like opening a big can of whoop-ass and then marveling—gleefully—at all the mayhem that ensues." —*Houston Chronicle* *The Afterlife of Edgar Allan Poe* One World

The Reason for the Darkness of the Night Chartwell Books

Renowned as the creator of the detective story and a master of horror, the author of "The Red Mask of Death," "The Black Cat," and "The Murders of the Rue Morgue," Edgar Allan Poe seems to have derived his success from suffering and to have suffered from his success. "The Raven" and "The Tell-Tale Heart" have been read as signs of his personal obsessions, and "The Fall of the House of Usher" and "The Descent into the Maelstrom" as symptoms of his own mental collapse. Biographers have seldom resisted the opportunities to confuse the pathologies in the stories with the events in Poe's life. Against this tide of fancy, guesses, and amateur psychologizing, Arthur Hobson Quinn's biography devotes itself meticulously to facts. Based on exhaustive research in the Poe family archive, Quinn extracts the life from the legend, and describes how they both were distorted by prior biographies. "
