This subwoofer's high-output down-firing design "grips" the air and fills a room with low frequency energy that's heard and felt with undetectable distortion. The built-in discrete MOSFET amplifier and 10-inch fiber-composite woofer are as efficient as they are reliable. This subwoofer accepts LFE line-level and speaker level inputs.

EDGE recommends that you follow the run in procedure for the subwoofer detailed below. When your Subwoofer is used for the first time, like most brand new items it is naturally very stiff and rigid. It will take time for the moving parts of this Subwoofer to loosen up before the Subwoofer will be ready to deliver its full potential.
