Drawing on the greatest writers of its civilization, Hamilton vividly depicts the life and spirit of Rome. In this informal history of Roman civilization, Edith Hamilton vividly depicts the Roman life and spirit as they are revealed in the greatest writers of the time. Among these literary guides are Cicero, who left an incomparable collection of letters; Catullus, the quintessential poet of love; Horace, the chronicler of a cruel and materialistic Rome; and the Romantics Virgil, Livy, and Seneca. The story concludes with the stark contrast between high-minded Stoicism and the collapse of values witnessed by Tacitus and Juvenal. "No one in modern times has shown us more vividly . . . 'the grandeur that was Rome.' Filtering the golden essence from the mass of classical literature, she proved how applicable to our daily lives are the humor and wisdom of more than 2,000 years ago."— New York Times

Heracles Euripides - Euripides' Heracles is an extraordinary play, innovative in its treatment of the myth, bold in its dramatic structure, and filled with effective human pathos. The play tells a tale of horror: Heracles, the greatest hero of the Greeks, is maddened by the gods to murder his wife and children. But this suffering and divine malevolence are leavened by the friendship between Heracles and Theseus, which allows the hero to survive this final and most painful labor. "A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettably vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V.
