Desmond Tutu retells more than fifty of his most beloved Bible stories, artfully highlighting God's desire for all people to love one another and to find peace and forgiveness in their hearts. Many of the finest artists from around the world—such as Jago, E.B. Lewis, Javaka Steptoe, and Xiao Xin—have been selected to illustrate the stories, portraying the stories with the style and richness of their own culture. Creating the first truly global Bible for children, their stunning full color illustrations allow readers to experience the Bible stories as if they were there—with Adam and Eve in the garden, with Noah on the ark, with Abraham in the desert, and with Jesus on the mountaintop. Every story shows how God works through history and ends with a short prayer, which personalizes the message for each reader's own life. Archbishop Tutu's wisdom, compassion, and sense of humor shine throughout as he reminds us that, "We are all God's children." Author, civil rights activist, and APARTHEID opponent Archbishop Desmond Tutu was awarded the Nobel Peace Prize in 1984 for his lifelong struggle to bring equality, justice, and peace to his native country of South Africa. As Desmond Tutu quotes: "In the spirit of celebrating children all over the world, each illustrator in this book has been invited to draw on their own unique and rich cultural heritage in their portrayal of these Biblical stories. Their art is truly a marvelous reflection of how we are all made in God's image."

The most important words ever written are the Ten Commandments. These words changed the world when they were first presented at Mt. Sinai to Israelites, and they are changing it now. They are the foundation stones of Western Civilization. Given their staggering importance, you would think that all societies, and certainly our educational and religious institutions, would be intent on studying them closely. Sadly, this is not the case. Our schools ignore them and our churches and synagogues take them for granted. But here's a simple test: Who among us can even name all of the Ten Commandments? And even among those who can name them, how many can explain them in a way that makes sense to the modern eye and ear? If you are a person of faith, this book will strengthen it; if you are agnostic it will force you to rethink your doubts; if you're atheist, it will test your convictions. For people who have thought little about the Ten Commandments, as well as for those who have a sophisticated understanding of them, it will be a revelation. That's a lot to ask of a little book, but the only thing that that's little here is the length. The ideas are very big.
