More often than

not, well written riddles make good use of four linguistic devices: paradox, pun, poetic description and red herring. Sometimes more than one may be used in concert, for it often takes a pun to create a paradox, but, speaking generally, it is these four devices that make riddles become the brain teasers that we all enjoy. [os] Solution to Einstein's five-houses riddle Paradox riddles are oxymoronic statements or questions that force their audiences to think outside of the box to solve them correctly. ... This is a famous

paradox probability riddle which has caused a great deal of argument and disbelief from many who cannot accept the correct answer. 30+ Einstein Riddle And Answers To Solve 2020 - Puzzles ...
