For a brief explosive period in the mid-1970s, the young and the unemployed of Italy's cities joined the workers in an unexpectedly militant movement known simply as Autonomy (Autonomia). Its "politics of refusal" united its opponents behind draconian measures more severe than any seen since the war. Nanni Balestrini, the poet of youth rebellion,

himself a victim of that repression, has invented a remarkable fictional form to express the hopes and conflicts of the movement. In spare but vivid prose, *The Unseen* follows Autonomy's trajectory through the eyes of a single working-class protagonist—from high-school rebellion, squatting and attempts to set up a free radio station to arrest and the brutalities of imprisonment. This is a powerful and gripping novel: a rare evocation of the intensity of commitment, the passion of politics.

This in-depth study provides a timely

assessment of how the foreign, military, and security policies of Venezuela shape relations with the United States in the Chavez era. The growing importance of Venezuela in the global oil market along with the controversial nature of its leadership provoke concern among some world powers—especially the United States, whose international policies have been heavily criticized by Venezuelan president Hugo Chavez. This critical look at American/Venezuelan relations presents perceptions held by each government of the other and examines the sources of tensions—and points of confluence—between the two countries. Global Security Watch—Venezuela traces the political relations between the United States and Venezuela from the early roots based in Pan Americanism to the domestic and foreign policies of the Chavez regime, including petro-diplomacy. This book provides a serious examination of

---

the allegations about Venezuelan involvement in the drug trade, terrorism, and intervention; the view that the unilateralism of the United States threatens world peace; and the future of relations between the two countries.

On 19 August 1936 Hercules the boxer stands on the quayside at Coruña and watches Fascist soldiers piling up books and setting them alight. With this moment a young carefree group of friends are transformed into a broken generation. Out of this incident during the early months of Spain's tragic civil war, Manuel Rivas weaves a colourful tapestry of stories and unforgettable characters to create a panorama of twentieth-century Spanish history. For it is not only the lives of Hercules the boxer and his friends that are tainted by the unending conflict, but also those of a young washerwoman who sees souls in the clouded river water and the

stammering son of a judge who uncovers his father's hidden library. As the singed pages fly away on the breeze, their stories live on in the minds of their readers.

El satélite que estábamos a punto de hackear pasaría sobre nosotros a las 5:17 a.m. Forcé la vista intentando localizarlo entre las estrellas. El hacker había comenzado su investigación fabricándose una

antena con un palo de escoba y unos radios de bicicleta. Después perfeccionó el sistema con una antena direccional y un conector específico. -Esto nos calcula el efecto doppler... Falta 1 minuto y 30 segundos... Pasará a 875 kilómetros de altitud y a 7.430 kilómetros por hora... Va a aparecer justo por allí -me dijo mientras señalaba con el dedo algún punto en el horizonte, sin dejar de teclear comandos para mí indescifrables, y susurraba a la máquina como el amante que intenta seducir a su amada. Conecté la cámara de vídeo para grabar el instante en el que rompía la seguridad del satélite e interceptaba sus comunicaciones... -Ya estamos dentro... Mientras te sientes seguro en la intimidad de tu cuarto, o con tu teléfono móvil en el bolsillo, se producen un millón y medio de ataques informáticos al día. La mayoría de nuestros teléfonos y ordenadores ya están

---

infectados. Los ladrones de vidas buscan suplantar tu identidad en redes sociales, acceder a tus fotos y vídeos, utilizar tu red wifi y tus correos para cometer delitos que la Policía te atribuirá a ti... Pero eso solo es la punta del iceberg... Durante los últimos años he conocido a hackers de sombrero blanco, gris y negro, a ciberactivistas y ciberpolicías. A espías que utilizan las redes para robar información y a los yihadistas que distribuyen en ellas su propaganda. He explorado la Deep Web y el negocio de la pedofilia; y he comprendido cómo la ciberdelincuencia ataca a mi madre, a tu hija, a nuestros amigos... Los próximos años serán terribles. He convivido con los acosadores y sus víctimas, y yo mismo me convertí en una. En el siglo XXI no existe nada más urgente que conocer cómo funciona la red. Porque todos estamos en ella. Ordenador y móvil son

nuestro pasaporte al nuevo mundo.

Two women, bound by a shocking event, drawn to a vast and beautiful country they cannot forget. Kate Carrington has cut all ties with Africa, the land of her birth. Her past is buried alongside her missionary parents, the last reminders locked safely away in the attic. But when a mysterious woman moves in next door, Kate's carefully constructed world is torn apart. Annah Mason has led an extraordinary life - one that has taken her from a hospital in Langali to the company of rainmakers deep in the Tanzanian bush. Her connection with the Waganga people has brought her the great love of her life, and freedom beyond her dreams.

Yet she carries with her a painful secret. Now, the time has come for her to tell her story - to finally set Kate free. The international bestseller that has captured hearts the world over. 'This most moving book, whose every breath is a love-song for Africa and her people, is a faultlessly woven cloth.' LE MONDE (FRANCE) 'One to keep you reading late into the night.' WEST AUSTRALIAN 'Beautifully written, lively and sympathetic... an adventurous and highly entertaining read.' BOOKSHOW (GERMANY)

### **Los hombres que susurran a las máquinas**

Penguin

This book explores the humanities as an insightful platform for understanding and responding to the military prison at Guantánamo Bay, other manifestations of "Guantánamo," and the contested place of freedom in American Empire. It presents the work of

---

scholars and writers based in Cuba's Guantánamo Province and various parts of the US. Its essays, short stories, poetry, and other texts engage the far-reaching meaning and significance of Gitmo by bringing together what happens on the U.S. side of the fence—or "la cerca," as it is called in Cuba—with perspectives from the outside world. Chapters include critiques of artistic renderings of the Guantánamo region; historical narratives contemplating the significance of freedom; analyses of the ways the base and region inform the Cuban imaginary; and fiction and poetry published for the first time in English. Not simply a critique of imperialism, this volume presents politically engaged commentary that suggests a way forward for a site of global contact and conflict.

This book assesses the causes and consequences of the impact on the recent Middle East war. The authors describe the popular basis of Hezbollah in Lebanon among

---

the Shiites, but also its relation to the country's other religious communities and political forces. They analyze the regional roles of Syria, Iran, and Hamas as well as the politics of the United States and Europe. The authors dissect the strategic and political background behind recent actions taken by Israel; the impact of Israel's incursion into Lebanon and effects on Lebanon's population -- and the consequences of the war on Israel polity and society.

With Mussolini 's Italy,  
R.J.B. Bosworth--the foremost scholar on the subject writing in English--vividly brings to life the period in which Italians participated in one of the twentieth century's most notorious political experiments. Il Duce's Fascists were the

original totalitarians, espousing a cult of violence and obedience that inspired many other dictatorships, Hitler's first among them. But as Bosworth reveals, many Italians resisted its ideology, finding ways, ingenious and varied, to keep Fascism from taking hold as deeply as it did in Germany. A sweeping chronicle of struggle in terrible times, this is the definitive account of Italy's darkest hour.

Science & Business Media  
The author of the international bestseller *How to Be a Woman* returns with another "hilarious neo-feminist manifesto" (NPR) in which she reflects on parenting, middle-age, marriage, existential crises--and, of course,

feminism. A decade ago, Caitlin Moran burst onto the scene with her instant bestseller, *How to Be a Woman*, a hilarious and resonant take on feminism, the patriarchy, and all things womanhood. Moran's seminal book followed her from her terrible 13th birthday through adolescence, the workplace, strip-clubs, love, and beyond--and is considered the inaugural work of the irreverent confessional feminist memoir genre that continues to occupy a major place in the cultural landscape. Since that publication, it's been a glorious ten years for young women: Barack Obama loves Fleabag, and Dior make "FEMINIST" t-shirts. However, middle-aged women still have some nagging, unanswered questions: Can feminists have Botox? Why isn't there such a thing as "Mum Bod"? Why do hangovers suddenly hurt so much? Is the camel-toe the new

---

erogenous zone? Why do all your clothes suddenly hate you? Has feminism gone too far? Will your To Do List ever end? And WHO'S LOOKING AFTER THE CHILDREN? As timely as it is hysterically funny, this memoir/manifesto will have readers laughing out loud, blinking back tears, and redefining their views on feminism and the patriarchy. More Than a Woman is a brutally honest, scathingly funny, and absolutely necessary take on the life of the modern woman—and one that only Caitlin Moran can provide.

*Hezbollah and Hamas* Random House Unfurling like a medieval book of days, each page of Eduardo Galeano's *Children of the Days* has an illuminating story that takes inspiration from that date of the calendar year, resurrecting the heroes and heroines who have fallen off the historical map, but whose lives remind us of our darkest hours and sweetest victories. Challenging readers to consider the human condition and

our own choices, Galeano elevates the little-known heroes of our world and decries the destruction of the intellectual, linguistic, and emotional treasures that we have all but forgotten. Readers will discover many inspiring narratives in this collection of vignettes: the Brazilians who held a "smooch-in" to protest against a dictatorship for banning kisses that "undermined public morals;" the astonishing day Mexico invaded the United States; and the "sacrilegious" women who had the effrontery to marry each other in a church in the Galician city of A Coruna in 1901. Galeano also highlights individuals such as Pedro Fernandes Sardinha, the first bishop of Brazil, who was eaten by Caete Indians off the coast of Alagoas, as well as Abdul Kassem Ismael, the grand vizier of Persia, who kept books safe from war by creating a walking library of 117,000 tomes aboard four hundred camels, forming a mile-long caravan. Beautifully translated by Galeano's longtime collaborator, Mark Fried, *Children of the Days* is a majestic humanist treasure that shows us how to live

and how to remember. It awakens the best in us.

It is commonly assumed that the best way to help the poor out of their misery is to allow the rich to get richer, that if the rich pay less taxes then all the rest of us will be better off, and that in the final analysis the richness of the few benefits us all. And yet these commonly held beliefs are flatly contradicted by our daily experience, an abundance of research findings and, indeed, logic. Such bizarre discrepancy between hard facts and popular opinions makes one pause and ask: why are these opinions so widespread and resistant to accumulated and fast-growing evidence to the contrary? This short book is by one of the world's leading social thinkers is an attempt to answer this question. Bauman lists and scrutinizes the tacit assumptions and unreflected-upon convictions upon which such opinions are grounded, finding them one by one

---

to be false, deceitful and misleading. Their persistence could be hardly sustainable were it not for the role they play in defending - indeed, promoting and reinforcing - the current, unprecedented, indefensible and still accelerating growth in social inequality and the rapidly widening gap between the elite of the rich and the rest of society.

El nacimiento: tras estudiar árabe, convertirse al Islam y crearse una nueva identidad en Yinín (Palestina), Salas -ya Muhammad Abdallah- sufrirá en carne propia la persecución islamófoba que azota Occidente tras el 11-S y los atentados de Londres y Madrid, vivirá desde dentro la crisis de las caricaturas del profeta Mahoma y las críticas hacia el uso del hiyab. La educación: ya integrado en la Umma, es adiestrado en la lucha armada en los mismos campos de entrenamiento de Venezuela donde los terroristas vascos, la guerrilla colombiana o los muyahidín aprendieron a matar. La madurez: ETA, Hizbullah, FARC... Durante los últimos seis años,

Antonio Salas ha tenido la oportunidad de conocer, convivir y entrevistar a algunos de los más conocidos terroristas internacionales: el Chacal (del que llegará a ser webmaster y mano derecha), Arturo Cubillas, Leyla Khaled,... Se ha empapado de su entorno, ha visitado los pueblos donde nacieron, los ha comprendido, ha intimado con ellos... Las respuestas: a lo largo de esta infiltración, Antonio Salas ha visto tambalearse muchas de las informaciones que daba por ciertas. De Isla Margarita a Caracas y la frontera colombo-venezolana, siguió la pista de los supuestos lazos entre Hugo Chávez y el terrorismo de ETA, las FARC y Al Qaida... y comprobó que no todos eran ciertos. Desde las modernas ciudades europeas a los áridos desiertos africanos o el Próximo Oriente, pasando por las selvas de América Latina, Antonio Salas traza la anatomía del terrorismo internacional. Un libro valiente, una investigación exhaustiva, unas revolucionarias conclusiones.

The Man Who Broke into Auschwitz is the extraordinary true story of a British soldier who marched willingly into the concentration camp, Buna-Monowitz, known as Auschwitz III. In the summer of 1944, Denis Avey was being held in a British POW labour camp, E715,

near Auschwitz III. He had heard of the brutality meted out to the prisoners there and he was determined to witness what he could. He hatched a plan to swap places with a Jewish inmate and smuggled himself into his sector of the camp. He spent the night there on two occasions and experienced at first-hand the cruelty of a place where slave workers, had been sentenced to death through labor. Astonishingly, he survived to witness the aftermath of the Death March where thousands of prisoners were murdered by the Nazis as the Soviet Army advanced. After his own long trek right across central Europe he was repatriated to Britain. For decades he couldn't bring himself to revisit the past that haunted his dreams, but now Denis Avey feels able to tell the full story -- a tale as gripping as it is moving -- which offers us a unique insight into the mind of an

ordinary man whose moral and  
physical courage are almost  
beyond belief.
