(The CFA books

totally stress me out, even though I must do the EOC questions.) With so much to grasp, I honestly have not been able to retain much. Plus a lot of people have complained that FRA is not explained well in Schweser. I have read that the Elan 11th Hour Guide is really good. Any suggestions? Or should I just stick to Kaplan? I order the ultimate prep from élan guides on Saturday and it was delivered to me today.

So I was pleasantly surprised on the fast delivery. However, as I looked through the guides, I noticed it was published at oct 2010. Therefore, does it mean that élan study guides does not update their guides after each exam? Can people who ordered élan guides confirm this?
