Computerworld Peterson's
Communication: Embracing

Difference, 4e, stresses the importance of understanding and celebrating difference as a means to becoming a more effective communicator. This text describes basic communication theory in everyday, non-technical terms and offers students an abundance of opportunities to analyze, understand, practice,

and apply skills to real-life situations presented in the book and encountered in their own daily lives.

Communication: Embracing Difference emphasizes the practical application of communication skills in interpersonal, small group, and public settings, which will help students become more confident and successful communicators. Targeting both mainstream students and non-traditional students who range widely in age, ethnicity, race, religion, sexual orientation, social roles, and socio-economic status, this text is designed with an overall approach that resonates with the diverse student populations making up so many campuses today.

US Black Engineer & IT Peterson's Resumes for Engineering Careers helps you create a tailor-made resume that will help you land your perfect job. It takes you step-by-step through the process, helping to assess your talents and organize them into a standout resume, whether you just

graduated from college, are changing careers, or are re-entering the job market after years at one company.

PC Mag The Princeton Review Civil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy--with REAL RESUMES in hand. - The Midwest Book Review 1-885288-42-5 US Black Engineer & IT ECS:
