In lively and provocative prose, Cowan explains how the modern convenien ces—washing machines, white flour, vacuums, commercial cotton—seemed at first to offer working-class women middle- class standards of comfort. Over time, however, it became clear that these gadgets and gizmos mainly	replaced work previously conducted by men, children, and servants. Instead of living lives of leisure, middle- class women found themselves struggling to keep up with ever higher standards of cleanliness. "Hello, my name is Thomas Thwaites, and I have made a toaster." So begins The Toaster Project, the author's nine-month-long journey from his local appliance store to remote mines in the UK to his mother's backyard, where he creates a crude foundry. Along the way, he learns that an ordinary toaster is made up of 404 separate parts, that the best way to smelt metal at home is by using a method found in a fifteenth-century treatise, and that plastic is almost impossible to make from scratch. In the end, Thwaites's homemade toaster—a haunting and strangely beautiful object—cost 250 times more than the toaster he bought at the store and involved close to two thousand miles of travel to some of Britain's remotest locations. The Toaster Project may seem foolish, even insane. Yet, Thwaites's quixotic tale, told with self-deprecating wit,

helps us reflect on the costs and perils of our cheap consumer culture, and in so doing reveals much about the organization of the modern world.

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling.

Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the

equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

Poignant, touching, and lively, this memoir of a woman who loses her mother and creates a new life for herself in Paris will speak to anyone who has lost a parent or reinvented themselves. Lisa Anselmo wrapped her entire life around her mother, a strong woman who was a defining force in her daughter's life—maybe too defining. When her mother dies from breast cancer, Lisa realizes she

hadn't built a life of her own, and struggles to find her purpose. Who is she without her mother—and her mother's expectations? Desperate for answers, she reaches for a lifeline in the form of an apartment in Paris, refusing to play it safe for the first time. What starts out as a lurching act of survival sets Lisa on a course that reshapes her life in ways she never could have imagined. But how can you imagine a life

bigger than anything you've ever known? In the vein of Eat, Pray, Love and Wild, My (Part-time) Paris Life a story is for anyone who's ever felt lost or hopeless, but still holds out hope of something more. This candid memoir explores one woman's search for peace and meaning, and how the ups and downs of expat life in Paris taught her to let go of fear, find self-worth, and create real, lasting happiness.
