was received in a timely manner but I
ordered and paid for a hardcover copy and
received and soft cover book. At this point, I
was unable to return the book as classes had

I love this book, and I don't really like
electromagnetism. Pollack and Stump use
an easily understood writing style that is
concise, thorough, and occasionally witty.
Their use of extensive examples is great for
the visual learner. This book covers a full
academic year's worth of advanced
electricity and magnetism courses.
