This handbook provides a general description of the different models of political finance regulations and analyses the relationship between party funding and effective democracy. The most important part of the book is an extensive matrix on political finance laws and regulations for about 100 countries. Public funding regulations, ceilings on campaign expenditure, bans on foreign donations and enforcing an agency are some of the issues covered in the study. Includes regional studies and discusses how political funding can affect women and men differently, and the

delicate issue of monitoring, control and enforcement of political finance laws.

Electoral Participation in a South Indian Context Stockholm : International Institute for Democracy and Electoral Assistance
A credible voter register gives legitimacy to the electoral process and helps prevent electoral fraud. However, voter registration remains a complex and contested task. It is one of the most important activities that an electoral management body needs to conduct, but it is also one of the most costly in terms of both time and resources. Many countries that face challenges in creating an accurate voter register are considering reforming their voter registration systems through the introduction of biometric technologies. The drive towards biometrics has been facilitated by its largely apolitical nature. Investing in high-tech solutions allows stakeholders to demonstrate their commitment to resolving electoral problems. At the same time, expectations on biometric solutions may be exaggerated. This guide provides an overview of key concepts and considerations for all stakeholders involved in discussions about the application of biometrics in elections, both for voter registration before an election and for voter verification at polling stations on election day.

Customary International Humanitarian Law, Volume I: Rules is a comprehensive analysis of the customary rules of international humanitarian law applicable in international and non-international armed conflicts. In the absence of ratifications of important treaties in this area, this is clearly a publication of major importance, carried out at the express request of the international community. In so doing, this study identifies the common core of international humanitarian law binding on all parties to all armed conflicts. Comment Don:RWI.

Manual on Panchayat Administration: Panchayat union councils, corr. up to 1st October 1966 Pearson Education India

Since the 1980s, the world's governments have decreased state welfare and thus increased the number of unprotected 'informal' or 'precarious' workers. As a result, more and more workers do not receive secure wages or benefits from either employers or the state. This book offers a fresh and provocative look into the alternative social movements informal workers in India are launching. It also offers a unique analysis of the conditions under which these movements succeed or fail.

Drawing from 300 interviews with informal workers, government officials and union leaders, Rina Agarwala argues that Indian informal workers are using their power as voters to demand welfare benefits from the state, rather than demanding traditional work benefits from employers. In addition, they are organizing at the neighborhood level, rather than the shop floor, and appealing to 'citizenship', rather than

How does a newly democratized nation constructively address the past to move from a divided history to a shared future? How do people rebuild coexistence after violence? The International IDEA Handbook on Reconciliation after Violent Conflict presents a range of tools that can be, and have been, employed in the design and implementation of reconciliation processes. Most of them draw on the experience of people grappling with the problems of past violence and injustice. There is no "right answer" to the challenge of reconciliation, and so the Handbook prescribes no single approach. Instead, it presents the

options and methods, with their strengths and weaknesses evaluated, so that practitioners and policy-makers can adopt or adapt them, as best suits each specific context. Also available in a French language version.

The 73rd Constitutional Amendment is a milestone in the modern history of India and it has taken democracy to the grassroots. It aims to transform the characteristics of our democracy from representative to representative and participatory democracy.

Before going into the details of the process of decentralization of powers in the states over a period, it is necessary to explain the basic framework of decentralization of powers. To operationalise the basic framework – both letter and spirit – the state

governments have to take an array of steps that are fundamental and basic for the establishment of a local governance system. By

keeping the above framework, in the last twenty years how decentralization took place in south Indian states – Tamil Nadu,

Karnataka, Andhra Pradesh and Kerala has been evaluated in this volume. The four chapters have been written by G. Palanithurai,

M. Gobinath Reddy, M. Sivanna and Jos Chathukulam. Along with the above state-specific chapters, there are a few chapters

covering Panchayat finance in South Indian States and

democratization in this volume written by B. DevendraBabu and G. Palanithurai, respectively. S. N. Sangita has written a chapter

on Political regime, Decentralized Governance and social security in south Indian states. It is also included in this volume. Further

the chapter written by V. N. Alok on “Devolution of Powers to

Local Bodies” has been incorporated in the present work. Finally yet another paper on “Decentralization of Powers: Acceleration and Deceleration” by G. Palanithurai for a different journal has also been included. Thus totally nine papers have been accommodate
