It's 1938, and twelve-year-old Edith is about to move from the tiny German village she's lived in all her life to a place that seems as foreign as the moon: Chicago, Illinois. And she will be doing it alone. This dramatic and chilling novel about one girl's escape from Hitler's Germany was inspired by the experiences of the author's mother, one of twelve hundred children rescued by Americans as part of the One Thousand Children project. This title has Common Core connections. *Is It Night or Day?* is a 2011 Bank Street - Best Children's Book of the Year.

[The Bronze Bow](#) Crown
The #1 International Bestseller & New York Times Bestseller This beautiful, illuminating tale of hope and courage is based on interviews that were conducted with Holocaust

survivor and Auschwitz-Birkenau tattooist Ludwig (Lale) Sokolov—an unforgettable love story in the midst of atrocity. “The Tattooist of Auschwitz is an extraordinary document, a story about the extremes of human behavior existing side by side: calculated brutality alongside impulsive and selfless acts of love. I find it hard to imagine anyone who would not be drawn in, confronted and moved. I would recommend it unreservedly to anyone, whether they’d read a hundred Holocaust stories or none.” —Graeme Simsion, internationally bestselling author of *The Rosie Project*
In April 1942, Lale Sokolov, a Slovakian Jew, is forcibly transported to the concentration camps at Auschwitz-Birkenau. When his captors discover that he speaks several languages, he is put to work as a

Tätowierer (the German word for tattooist), tasked with permanently marking his fellow prisoners. Imprisoned for over two and a half years, Lale witnesses horrific atrocities and barbarism—but also incredible acts of bravery and compassion. Risking his own life, he uses his privileged position to exchange jewels and money from murdered Jews for food to keep his fellow prisoners alive. One day in July 1942, Lale, prisoner 32407, comforts a trembling young woman waiting in line to have the number 34902 tattooed onto her arm. Her name is Gita, and in that first encounter, Lale vows to somehow survive the camp and marry her. A vivid, harrowing, and ultimately hopeful re-creation of Lale Sokolov's experiences as the man who tattooed the arms of thousands of prisoners with what would become one of the most potent symbols of the Holocaust, *The Tattooist of Auschwitz* is also a testament to the endurance of love and humanity under the darkest possible conditions.

She was a poor Southern tobacco

farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first "immortal" human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her "immortality" until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And

though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope,

and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

The Gift of Asher Lev Farrar, Straus and Giroux (BYR)

Part of the Jewish Encounter series From Elie Wiesel, winner of the Nobel Peace Prize, comes a magical book that introduces us to the towering figure of Rashi—Rabbi Shlomo Yitzchaki—the great biblical and Talmudic commentator of the Middle Ages. Wiesel brilliantly evokes the world of medieval European

Jewry, a world of profound scholars and closed communities ravaged by outbursts of anti-Semitism and decimated by the Crusades. The incomparable scholar Rashi, whose phrase-by-phrase explication of the oral law has been included in every printing of the Talmud since the fifteenth century, was also a spiritual and religious leader: His perspective, encompassing both the mundane and the profound, is timeless. Wiesel’s Rashi is a heartbroken witness to the suffering of his people, and through his responses to major religious questions of the day we see still another side of this greatest of all interpreters of the sacred writings. Both beginners and advanced students of the Bible rely on Rashi’s groundbreaking commentary for simple text explanations and Midrashic interpretations. Wiesel, a descendant of Rashi, proves an incomparable guide who enables us to appreciate both the lucidity of Rashi’s writings and the milieu in which they were formed. John Wiley & Sons
