### **Secret Teachings of a Comic Book Master** SLG Publishing

With *Dusk* (originally published in the Philippines as *Po-on*), F. Sionil Jose begins his five-novel *Rosales Saga*, which the poet and critic Ricaredo Demetillo called "the first great Filipino novels written in English." Set in the 1880s, *Dusk* records the exile of a tenant family from its village and the new life it attempts to make

in the small town of Rosales. Here commences the epic tale of a family unwillingly thrown into the turmoil of history. But this is more than a historical novel; it is also the eternal story of man's tortured search for true faith and the larger meaning of existence. Jose has achieved a fiction of extraordinary scope and passion, a book as meaningful to Philippine literature as *One Hundred Years of Solitude* is to Latin American literature. "The foremost Filipino novelist in English, his novels deserve a much wider readership than the Philippines can offer."--Ian Buruma, *New York Review of Books* "Tolstoy himself, not to mention Italo Svevo, would envy the author of this

---

story."--Chicago Tribune

### *The Impending Blindness of Billie Scott Orbit*

Most people's perception of comicbooks is one of superheroes like Spider-Man and Batman. But it belies an art form that is not unique to the UK and USA. Practically every country in the world has its own thriving comicbook industry. In some countries like France, they are a highly regarded form of expression – The Ninth Art. While in Japan, comics are so integral to its culture and society that it would be impossible to imagine the country without them. The cultural impact of comics cannot be underestimated. Did you know that sales of Mexico's leading comic outstrip those of the country's bestselling daily newspaper by six to one? Or that comicbooks are often used to convey a very serious message (only recently a comic featuring Superman was distributed to 500,000 children in Kosovo to teach them how to spot and avoid land mines)? Arranged geographically, this

---

book assesses the medium in every major area of the world, discussing the history of the genre, the comics and characters, the publishers, creators and artists. Regions covered include the UK and United States, central Europe (France, Belgium, Germany, Spain, Italy), Eastern Europe, Scandinavia, Japan and Asia, Africa, India, Central and South America, and Australasia. Including key feature spreads and a wealth of colour images – many of them unseen – this book is the first of its kind to provide a global picture of an often-underrated art form.

## **Egg Story SelfMadeHero**

Tony Millionaire, creator of *Sock*

*Monkey* and one of America's most popular weekly comic strips, *Maakies*, delivers his first original graphic novel for Fantagraphics, *Billy Hazelnuts*. Billy Hazelnut transmutes nursery rhymes and the golem myth into a storybook about Becky, girl scientist, her friend Billy Hazelnuts (who was created from cooking ingredients by tailless mice), and their journey to find the missing moon while battling an evil steam-driven alligator with a seeing-eye skunk.

*Millionaire* fuses the darker spirit of older fairy tales with an absurdist adventure story, throws gender politics into the mix, and brings it to life with his dementedly charming and meticulous drawing style that is utterly transporting.

The suppression of family history is the initial thread that ties together *The Love Bunglers*, featuring Hernandez's longtime Love and Rockets heroine Maggie.

Because these secrets can't be dealt with openly, their lingering effect is even more powerful. But Maggie's ability to navigate and find meaning in her life - despite losing her culture, her brother, her profession, and her friends - is what's made her a compelling character. After a lifetime of

losses, Maggie finds, in the second half, her longtime off and on lover, Ray Dominguez. Much like John Updike in his four Rabbitnovels, Jaime Hernandez has been following his longtime character Maggie around for several decades, all of which has seemed to be building towards this book in particular.
