Kaffe Fassett uses the colorful Venetian island of Burano to form the backdrop of another stunning collection of new quilt designs from the Kaffe Fassett Studio. In this 22nd installment of Kaffe Fassett's ever-popular series of patchwork and quilting books, the quilts have been photographed on location in Burano, a tiny island in Italy's Venetian archipelago, famous for its lace making but also for its brilliantly painted houses in a myriad jewel colors. The colorful house walls, sometimes distressed and occasionally decorated with murals, form the backdrop, along with the canals, bridges, and boats of this special Venetian island, to another wonderful selection of Kaffe's new quilt designs. The collection of 19 quilts features both new fabric designs from the Kaffe Collective and some of his Classics. Bali Brocade makes a fantastic background to

Kaffe's sumptuous Shimmer Star quilt with its ripples of pattern in contrasting prints. His two versions of a very simple quilt, comes in two very different colorways. Hot Steps is a riot of color, whereas by contrast its sister quilt, Cool Steps, in dusty blues, greens, and greys has an dreamy quality. Liza Prior Lucy's rich and dark Turkish Coffee quilt, with its hint of Eastern promise, fussy cuts Kaffe's new Turkish Delight fabric to brilliant effect. Kaffe Fassett's Quilts in Burano provides all the instructional text, diagrams, and templates to make the quilts, plus a section on basic patchwork techniques for less experienced quilters.

Integrating mindfulness, neuroscience, positive psychology, and creativity research, *Craftfulness* offers a thought-provoking and surprising reconsideration of craft, and how making things with our hands can connect us to our deepest selves and improve our well-being and overall happiness. We should get this out of the way: *Craftfulness* is not a crafting book. Rather, it is an investigation of the

wisdom generations of men and women know to be true: making things is a vital means of self-expression, self-realization, and self-help that sparks the mind, touches the soul, and rejuvenates the spirit. Process, not product, is the soul of craft practice. Whether you knit, crochet, sculpt, weave, quilt, tat, draw, or bind books, working toward small, attainable goals gives us a sense of purpose, accomplishment, and control that is proven to positively impact our mental health and happiness. In *Craftfulness*, Rosemary Davidson and Arzu Tahsin offer a brilliantly reasoned argument in favor of craft and its positive impact on our mental well-being. Weaving personal experiences with the latest science on mindfulness, happiness, and creativity, they illuminate how craft practice reintroduces balance into our lives and habits by cultivating

creativity, promoting focus, creating a safe environment for failure, and encouraging us to make peace with imperfection. Like Matthew B. Crawford 's Shop Class as Soulcraft, Ken Robinson 's Out of Our Minds, and Mihaly Csikszentmihalyi 's Flow, Craftfulness helps us to see our world in a new way, offering opportunities to disconnect and pay attention to ourselves.
