The transition from
elementary school to

middle school can be particularly difficult for boys. Too big to be little and too little to be big, they face the perfect storm of changing bodies, rushing hormones, and learning challenges. They may now begin to struggle with grades, behavior, and relationships with family and friends. Boys are often frustrated and embarrassed by trying to figure out on their own what to do and what not to do in this new environment with new expectations. Jonathan Catherman and his two sons--one current and one former middle schooler--offer boys ages ten to twelve the practical help they need to make the move to middle school as painlessly as possible. The "do this, not that" format covers a hundred relevant topics and situations middle school boys will face, including school lockers, bullies, test taking, cell phone use, homework, gossip, leadership, respect, sports, and many more.

America's leading civility expert knocks household discourteousness off its foundations. As the rudeness rampant in America's streets

sends its citizens fleeing inside to bolt the doors and draw the shades, they are finding what was once the relative safety of the hearth threatened by an unwelcome addition to their living space--the same rudeness presumably left behind when they stepped across their own cozy thresholds. With the keen wit and insight that distinguishes her column and previous books, Judith Martin's newest work equips residences everywhere with the tools to return manners to domestic life. Refusing to recognize that the harried household cannot meet her standards of propriety--especially since all households are now harried--Miss Manners explains how this is done. Whether your family is nuclear, blended, extended, or unrelated; whether you are single, divorced, living together, or married; at a family dinner or dinner party; engaged in combat with the neighbors or with the relatives--there is simply no substitute for the core of civility that must reside at the heart of every house, condo or apartment if it is truly to be a home. Miss Manners is prepared to sweep through your house and get rid of those lurking traces of

rudeness that you were pretending not to notice. You know you are not going to be able to enjoy a pleasant and peaceful household until these few chores are done.

This Manual is designed to be used as a compliment to and in conjunction with my book, "Your Better Self: A Simple Guide to Where You Want to Be." It can most certainly be read by itself as a proper book in its own right. However, there are allusions and references to content in the book such that some of the content of this Manual might appear incomplete. The purpose of the book is to offer scenarios and stories – slices of real life – so that readers can "self-identify" the specific areas of life they need to work on so they can increase their motivation and energy to straightforwardly manifest their worthy aspirations and more quickly become their better Selves. The purpose of this Manual is to be a companion to the book, offering additional content, stories, resources, tools and exercises to help readers delve more deeply into those areas of opportunity to improve themselves. Taken together, the book and this Manual provide all that is needed to begin to more rapidly and easily become your better Self and get what

you really want in your life. When you read a chapter in the book that beckons you to explore that particular theme of life at a deeper level, pick up this Manual and go to that same chapter (the Manual has the same chapter names and sequence as the book) and read the additional content. More importantly, be sure to do the exercises as these will help you get clearer on the specific and unique ways YOU can become YOUR better Self.
