And Tara, armed with her Tarot deck, her .38, and a stack of misgivings, agrees to try. Tara immediately senses there is far more at stake than one man's life. At his government lab in the New Mexico desert, Magnusson had developed groundbreaking technology with terrifying potential. Working alongside the brusque but charismatic agent Harry Li, Tara discovers that Magnusson's daughter, Cassie, has knowledge that makes her a target too. Enough of the voices inside his head that were never meant to take root . . . until a masked serial killer known as Calavera strikes a little too close to home. Now, with Calavera on the loose, Barnes is ready to reconnect, risking his life and his sanity. Because in the mind of this serial killer, there is one secret even Barnes has yet to see.
