Sweet, sexy, and hardworking, Jesse O'Brien has plenty of girls who want his attention. Jesse, however, only has his sights on his future and becoming successful. The last thing he has on his mind is a Spring Break fling, so he doesn't anticipate meeting the girl of his dreams when he's only seventeen and knee-deep in crud, especially when she lives in the same house as the spoiled rich girl he despises. The daughter of a wealthy real-estate proprietor, Kayla Jordan has her life mapped out too. Her dreams don't include climbing the corporate ladder, though. Motherless since she was twelve, she only wants to meet the love of her life and live happily ever after. When

their dreams merge into one, the young couple has everything they ever wanted, until tragedy strikes. Now, thrust into a world of pain and heartbreak, family members insist they are too young. But when you find the love of your life, no matter how young you are, no matter what happens, the only thing you can do is hold on and Love Like Crazy. Crafted for today's new-adult readers, but with an old-fashioned cadence, Love Like Crazy will appeal to anyone who's ever had a first love, an everlasting love. Although tastefully written, this coming-of-age story includes sexual scenes and adult situations appropriate for readers sixteen and older. Although this isn't a Christian book, because it deals with tragedy and the steps of dealing with grief, it includes references to God.

Love, Ash & Ember Cambridge University Press

The future should be bright for Deborah Vandermark, who is now pursuing her interest in medicine alongside Dr. Christopher Clayton, who is courting her. But the lumber town is resistant to the idea of a woman physician, and she feels thwarted at every turn. A more devastating blow occurs, however, when Christopher breaks off their relationship to return home to his troubled family. Despite her own love life going awry, Deborah is still intent to be a matchmaker for both her widowed mother and her brother, who has caught the eye of the spit-fire daughter of the local pastor. But what will Deborah do when faced with the truth about Christopher's family? Is there hope for the two of them...or will Jake Wyeth's attentions finally catch Deborah's eye instead?

When Cancer Strikes University of Michigan Press

The logging industry in eastern Texas is booming, and Deborah Vandermark plans to assist her family's business now that she's completed college. Unexpectedly, her best friend, Lizzie Decker, accompanies her back home--fleeing a wedding and groom she has no interest in. Deborah, the determined matchmaker, puts her sights on uniting her brother and dear friend in a true love match. Deborah soon meets Dr. Christopher Clayton, a much-needed addition to the town. As their lives intersect, Deborah realizes that she has a much greater interest in medicine and science than the bookkeeping she was trained in. But when typhoid begins to spread and Lizzie's jilted fiance returns, Deborah wonders if true love can overcome such obstacles...for those dearest to her, and for herself.

The Formative Years A&C Black

At long last, Deborah Vandermark is preparing for her own wedding...but the groom suddenly goes absent. Tragedy has befallen Christopher's family in Kansas City, upsetting the doctor's future with Deborah. With five siblings now under his care, can he return to Texas and impose a ready-made family on Deborah? Deborah herself finds her resolve faltering as her fears about marriage and career start to overwhelm her. How can she marry and be a mother to Christopher's siblings, and still be able to pursue her work and training as a physician? When an old adversary reveals a contract that may spell ruin for Vandermark Logging, Deborah's life seems to be spiraling out of control. How can God possibly work this for good? And can Christopher and Deborah find a way to claim the future they long to share when so much stands in their way?

The Monthly Packet of Evening Readings for Members of the English Church Kristen James
AD80 It is a year since Hannah and Maxentius escaped from the cataclysmic eruption of Mt Vesuvius and, after a pleasant interlude in Rome, they must now embark on

a new journey. This time to the troubled frontier of Northern Britannia, recently subjugated, yet maybe not quite pacified. This harsh borderland is a far cry from the luxuries and relative security of Rome, and danger lurks where least expected. A garrison of soldiers, some rather disgruntled with their isolated posting and it's new commander; local tribes people, although outwardly accepting of their erstwhile enemy, may still harbour a burning resentment that their lands have been occupied. Meanwhile, in the modern world and now married to Max, Hannah Vallier is working in the archives department of a museum on Hadrian's Wall; cataloguing artefacts from some of the original wooden forts, recently discovered following a series of aerial surveys. While most of the finds are mundane, Hannah is shocked when she comes across an all too familiar item. It is her, or rather her ancestor's pomegranate; the one carved by Maxentius in the aftermath of the massacre at Masada, carried from there to Pompeii and then on to Rome. Confused as to how it could be here in Northumberland, Hannah searches a new database for answers, finding a fragmented inscription indicating that Maxentius and Hannah had indeed been posted to Northern Britannia; that Maxentius had been commander of a garrison, the fort for which, coincidentally, had been almost exactly where she was now sitting. Realising what this might mean, Hannah needs to talk to Max, who is away on business. Before they get the chance, disaster strikes! Believing the love of her life to have been killed and unable to deal with her grief, Hannah retreats into the past, re-connecting with her ancient family. Unfortunately, scant historical evidence for this period means that Hannah is unaware of what might be looming, instead she must trust that any information she holds will be enough to save them once again. Adjusting to a world on the frontier of Empire, Hannah meets the local wise woman and, as they share their love and knowledge of healing, a tentative friendship blossoms. The burgeoning cordiality between the garrison and the locals is jeopardised however, as a multitude of challenges conspire to undermine the fragile peace. Hannah realises that the threat might come from a most unexpected quarter, for there is one within the fort whose enmity will have dire consequences. At the same time, Hannah's heart whispers that maybe, just maybe Max is still alive

and that he is calling her home. Will Maxentius be able to preserve the hard won trust of the locals, or will everything descend into madness? Is there any hope of discovering who is inciting such hostility before it's too late? Can Hannah learn to trust her heart, or will she remain forever caught out of time, her destiny floating away like embers on a breeze.

Embers of Love Author Betty Adams

Seeing things that no one else can is more than enough of a burden for anyone. Drake McCarty however, finds himself thrust into the position of liaison to an alien race at the tender age of sixteen. Bole and the other exiled Royal Guardsmen are friendly enough, and the work is fascinating. However, Drake is also often required to run dull errands for the large shape shifting aliens. A two story tall glowing blue elk might be something a National Park Ranger can explain away to a frightened tourist, but for anything in a populated area a human representative is needed. Meanwhile the civil war that drove the aliens from their home-world has arrived on Earth and the conflict begins anew. Drake is just learning to cope with the fact that his life is constantly in danger when an alien pod falls from the sky. Within hours of it striking an island in the border waters between Russia and the USA, McCarty is sent to retrieve the debris. He arrives to find international tensions the least of his worries. Inside are three embers, infants of Bole's species; desperately afraid, injured, and carrying a dangerous contagion. Military medics make two startling discoveries; the embers have imprinted and bound themselves to McCarty, and the disease that they carry is terminal.

The Annual Monitor ... Being an Obituary of Members of the Society of Friends in Great Britain and Ireland ... CreateSpace

In February 2018, 35,000 public school educators and staff walked off the job in West Virginia. More than 100,000 teachers in other states—both right-to-work states, like West Virginia, and those with a unionized workforce—followed them over the next year. From Arizona, Kentucky, and Oklahoma to Colorado and California, teachers announced to state legislators that not only their abysmal wages but the deplorable conditions of their work and the increasingly straitened circumstances of public education were unacceptable. These recent teacher walkouts affirm public education

as a crucial public benefit and understand the rampant disinvestment in public education not simply as a local issue affecting teacher paychecks but also as a danger to communities and to democracy. Strike for the Common Good gathers together original essays, written by teachers involved in strikes nationwide, by students and parents who have supported them, by journalists who have covered these strikes in depth, and by outside analysts (academic and otherwise). Together, the essays consider the place of these strikes in the broader landscape of recent labor organizing and battles over public education, and attend to the largely female workforce and, often, largely non-white student population of America's schools.

Second Gift Series, Book 1 Savanna Thompson knows what it's like when you blink and your life shatters. She's been hiding her divorce from her best friend Cassie, but she knows she can't any longer. Cassie's husband, a firefighter, just died. Savanna rushes home, along with her one-year-old daughter to help, and now she's staying with Cassie in a nursery meant for a baby that won't ever exist. She will fix their relationship, but it's complicated with Jason around.

He's the firefighter who saved Savanna's life two and a half years ago. He just lost his best friend, and like Cassie, he blames himself for Mike's death. When he convinced Mike to remain with the department, how could he know Mike would die fighting a house fire? Though hurting herself, something deep inside her won't let her walk away. Jason needs her but she's off limits on so many levels. She's falling for this sexy firefighter but he confuses her to no end. Being stuck in the middle is enough stress, plus her own problems are festering behind her helping smile. Can Savanna find the balance between loving Jason, helping Cassie, and taking care of herself and her daughter? Or is she going to lose this bet and her best friend? *** What are readers saying? "I was looking forward to a good story about friendship and love, and your story did not disappoint! I haven't been in Savannah's or Cassie's situation personally, but I was able to feel all of the emotions they were going through as they dealt with the changes in their lives. I can't imagine the overwhelming feeling of loss and hopelessness that Cassie was facing after her husband died. I think you did a great job of showing her in a bit of a free fall – distancing herself from friends and family, changing the outside of her life (taking down the pictures of her and Mike) but unable to change her inner feelings of anger and hurt, and acting out by doing things she might not ordinarily do. I really loved how both Savannah and Jason both were deeply affected by their "first" meeting. The way you described it from both perspectives was great and really helped the reader "see" what they were going through in those scary moments in the fire. It gave them some history without a history, if that makes any sense. It also added an additional layer to the complications in Savannah and Cassie's friendship, as well. I really liked the way everything wrapped up – but I feel like Cassie may have more love in her still, so maybe she needs a follow-up romance of her own!" ~from an email from a reader.

A Short Address to the Members of the Scottish Episcopal Church residing in Huntly, on the occasion of the secession of the Rev. J. P. [or rather, D.] Hull from that communion Nova Publishers

This book tells the story of a strike by paperworkers against the Consolidated Paper Company. The strike comes about because the company, led by a new, anti-union CEO, decides to get rid of its union. The company, during collective bargaining, demands major concessions and dares the union to strike. The union is not prepared to battle the wealthy, powerful company, but its members, although frightened, vote to strike in order to protect their jobs and lifestyles. Early in the strike, the

company hires strikebreakers to permanently replace the strikers. Before its new CEO was hired, Consolidated Paper Company and the Papermakers Union had cooperative relations. The chief architect of the old policy was Tom Gilligan, Director of Labor Relations, who had been with the company for more than 40 years. Gilligan loves Consolidated Paper. He has summarily turned down lucrative offers from rivals. Gilligan is outraged by the new policy and considers quitting. Overcoming feelings of guilt, he decides to stay on. When the strike begins, the company seems headed for a quick victory, but the union, aided by Don Foreman, an activist labor organizer and veteran of the Civil Rights movement, surprises everyone with its solidarity and strength. It wins over a hostile press and forges alliances with students, churches, and environmental groups. It also enlists the town's political authority on its behalf. Consolidated Paper Company finds itself under pressure from environmental, liberal, and labor groups. Media accounts extol the solidarity of the union. George Watts, the new CEO, becomes furious at the advisors who told him the strike would be easily won. He authorizes Gilligan to negotiate a compromise settlement with the union. After a week of bargaining, the parties are on the verge of a fair settlement. Back at the picket line, a fight erupts between strikers and security guards taking replacement workers into the mill. The confrontation begins with threats and rock throwing. It escalates to gunfire. Edith Kent, a pregnant replacement worker, a decent woman and a good worker, is killed. The fallout from the killing dooms the strike. The strikers are demoralized. The union loses support and is forced to give up the strike. The local district attorney resists political pressure to indict the locals leaders. He brings charges only against the killer and only for involuntary manslaughter. But the death of Edith Kent becomes a rallying cry for anti-union groups. As pressure for action builds, the politically ambitious U.S. Attorney indicts three union leaders, including the local union president, for conspiracy under the RICO statute. The U.S. Attorney is quite skillful and the trial is going badly for the defendants, especially when their expert, a Yale law professor, is shown to have no practical knowledge of strikes. In desperation, the union business leader calls Thomas Gilligan, who agrees to testify as a defense

witness. His testimony costs him his position, but leads to the acquittal of the strikers. The ending is far from a happy one though, because the strike is lost, the community almost destroyed, and Gilligan gives up a job he loves. The story is told from a variety of perspectives, including Gilligans. The other individual stories include: 1. Jordan Marcon, a third-generation papermaker and born-again Christian. He is faced with ruin because of his wife's cancer. The union offers to give him special help, but he decides, after seeing a vision, that Jesus wants him to reclaim his job. He crosses the picket line and becomes a hated man in the community. 2. Travis Green, an African-American replacement worker. He is a good worker and a fair-minded man who seeks to better himself. He tries but cannot avoid becoming engulfed in the hatred brought on by the strike. 3. Bill Samson, local union president. He is a decent, tough man, not very intellectual or ideological. He realizes that in order to lead the strike success

By the end of 1997, more than 1.3 million new cases of cancer will be diagnosed, and it is estimated that two of every three American families will at some time have at least one family member diagnosed with cancer. The current trend towards earlier discharge from acute care hospitals and an expected increase in home care may result in more adult children becoming involved in caring for a physically dependent parent. Furthermore, advances in cancer treatment have led to increased survivorship, which in turn has led to caregiving demands that many exist for several months to years. Family caregiving requires adjustments in daily schedules, imposes financial burdens, and causes the individual members to re-evaluate their relationships

with the patient. The book is intended to raise awareness of the stresses evoked by a caregiving relationship.
