Nancy Rynes was riding her bicycle when a large SUV approached. The vehicle's driver, absorbed in texting while driving, plowed right into Rynes. Suffering from severe spinal and head injuries, Rynes knew she was dying. At that moment, she underwent the first of two life-changing near-death experiences-her consciousness split between her frightened, injured self laying on the road, and an impartial, peaceful observer-consciousness who watched as first responders fought to keep her alive. Her second, more lengthy near-death experience came days later, during the surgery that attempted to repair her traumatized spine. Rynes, a scientist and confirmed skeptic, was shown the wonders of Heaven, experiencing joy, love, and beauty on such a grand scale that she wept at its magnitude. She then met and spoke with a Being who gave her insights into life, love, and the wonders of Spirit. After her tour of Heaven, she was returned to her body to begin the long, slow process of recovering from injuries her surgeon affirms should have killed her. In Awakenings from the Light, Rynes recounts the amazing sights of Heaven, and explains the remarkable insights into life she returned with to share with others. She was gifted with a second chance-a precious opportunity to bring a little bit of Heaven into her life on Earth. The wisdom she passes on could well change your life as well. "You have expressed your story so clearly, and positively that I can feel that love floating off the page. Bless you. " Richard V. "Nancy, thank you for sharing this. I have heard a number of NDEs before but have believed none to this point primarily because they were told by attention seekers. I don't believe that is the case here. I've never heard it explained so well...Thank you for bolstering my faith." Lou B.

Heaven is for Real Harmony

#1 NEW YORK TIMES BESTSELLER • The groundbreaking account of life after death that has become a source of comfort, inspiration, and solace to millions “I felt a surge of energy, and my spirit was suddenly drawn through my chest and pulled upward. My first impression is that I was free. . . .” On the night of November 19, 1973, following surgery, thirty-one-year-old wife and mother Betty J. Eadie died. This is her extraordinary story of the events that followed, her astonishing proof of life after physical death. She saw more, perhaps than any other person has seen before and shares her almost photographic recollections of the remarkable details.

Compelling, inspiring, and infinitely reassuring, her vivid account gives us a glimpse of the peace and unconditional love that awaits us all. More important, Betty's journey offers a simple message that can transform our lives today, showing us our purpose and guiding us to live the way we were meant to—joyously, abundantly, and with love. Praise for Embraced by the Light “The most detailed and spellbinding near-death experience I have ever heard.”—Kimberly Clark-Sharp, president, Seattle International Association of Near-Death Studies

After the Light Hampton Roads Publishing

A fascinating follow-up to the beloved bestseller Drawing on the Right Side of the Brain--with new insights about creativity and our unique way of seeing the world around us Millions of readers have embraced art teacher Betty Edwards's Drawing on the Right Side of the Brain, from art students and teachers to established artists, corporate trainers, and more--all discovering a bold new way of drawing and problem-solving based on what we see, not what we think we see. In this highly anticipated follow-up, Edwards illuminates another piece of the creativity puzzle, revealing the role our dominant eye plays in how we perceive, create, and are seen by those around us. Research shows that much like being right-handed or left-handed, each of us has a dominant eye, corresponding to the dominant side of our brain--either verbal or perceptual. Once you learn the difference and try your hand at the simple drawing exercises, you'll gain fresh insights into how you perceive, think, and create. You'll learn how to not just look but truly see. Generously illustrated with visual examples, this remarkable guided tour through art history, psychology, and the creative process is a must-read for anyone looking for a richer understanding of our art, our minds, and ourselves.

Can we really know what waits for us in the afterlife? Deceived by the Light... affirms that the Bible alone reveals all we need to know about life, death, and eternity. In the fascinating, mystical world of near death experiences, Betty Eadie's testimony is most extraordinary. In her widely read bestseller Embraced by the Light, she claims she met and conversed with the Lord Jesus Christ and received amazing revelations about spiritual progression, death, and the afterlife. Was Eadie's experience for real? And what about the many other near death testimonies that speak of visits to heaven or hell - are they credible? Should we believe their messages? Doug Groothuis, a well respected expert on new religious movements, takes us to the clear teaching of Scripture for some surprising answers. Along the way he clearly addresses the fears and questions many people have about death and what comes after. Drawing on The Dominant Eye Black Dog & Leventhal Pub Released for the first time in paperback, this landmark social and

political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major advances in the feminist movement. Reprint.

Walk the path of love with one of the warmest, most beloved spiritual leaders of our time, and learn how to put faith into action. As the descendant of slaves and the son of a civil rights activist, Bishop Michael Curry's life illustrates massive changes in our times. Much of the world met Bishop Curry when he delivered his sermon on the redemptive power of love at the royal wedding of Prince Harry and Meghan Markle at Windsor Castle. Here, he expands on his message of hope in an inspirational road map for living the way of love, illuminated with moving lessons from his own life. Through the prism of his faith, ancestry, and personal journey, Love Is the Way shows us how America came this far and, more important, how to go a whole lot further. The way of love is essential for addressing the seemingly insurmountable challenges facing the world today: poverty, racism, selfishness, deep ideological divisions, competing claims to speak for God. This book will lead readers to discover the gifts they need in order to live the way of love: deep reservoirs of hope and resilience, simple wisdom, the discipline of nonviolence, and unshakable regard for human dignity.

Into the Light Harper Collins

Dozens of books, articles, television shows, and films relating "near-death" experiences have appeared in the past decade. People who have survived a close brush with death reveal their extraordinary visions and ecstatic feelings at the moment they died, describing journeys through a tunnel to a realm of light, visual reviews of their past deeds, encounters with a benevolent spirit, and permanent transformation after returning to life. Carol Zaleski's Otherworld Journeys offers the most comprehensive treatment to date of the evidence surrounding near-death experiences. The first to place researchers' findings, first-person accounts, and possible medical or psychological explanations in historical perspective, she discusses how these materials reflect the influence of contemporary culture. She demonstrates that modern near-death reports belong to a vast family of otherworld journey tales, with examples in nearly every religious heritage. She identifies universal as well as culturally specific features by comparing near-death narratives in two distinct periods of Western society: medieval Christendom and twentieth-century secular America. This comparison reveals profound similarities, such as the life-review and the transforming after-effects of the vision, as well as striking contrasts, such as the absence of hell or punishment scenes from modern accounts. Mediating between the "debunkers" and the near-death researchers, Zaleski considers current efforts to explain near-death experience scientifically. She concludes by emphasizing the importance of the otherworld vision for understanding imaginative and religious experience in general.

Looking for Betty MacDonald Christian Publications

Betty Bard MacDonald (1907-1958), the best-selling author of The Egg and I and the classic Mrs. Piggle-Wiggle children's books, burst onto the literary scene shortly after the end of World War II. Readers embraced her memoir of her years as a young bride operating a chicken ranch on Washington's Olympic Peninsula, and The Egg and I sold its first million copies in less than a year. The public was drawn to MacDonald's vivacity, her offbeat humor, and her irreverent take on life. In 1947, the book was made into a movie starring Fred MacMurray and Claudette Colbert, and spawned a series of films featuring MacDonald's Ma and Pa Kettle characters. MacDonald followed up the success of The Egg and I with the

creation of Mrs. Piggie-Wiggle, a magical woman who cures children of their bad habits, and with three additional memoirs: The Plague and I (chronicling her time in a tuberculosis sanitarium just outside Seattle), Anybody Can Do Anything (recounting her madcap attempts to find work during the Great Depression), and Onions in the Stew (about her life raising two teenage daughters on Vashon Island). Author Paula Becker was granted full access to Betty MacDonald’s archives, including materials never before seen by any researcher. Looking for Betty MacDonald, a biography of this endearing Northwest storyteller, reveals the story behind the memoirs and the difference between the real Betty MacDonald and her literary persona. Death, even for a moment, changes everything. In Life After Breath, Jacob's near-death experience as a child ripped an opening between him and the spirit world. He lived, but was forever changed. As he grew, darkness and light led him on a roller coaster ride of turmoil, loss, discovery, and renewal. He now shares this mystical journey with those brave enough to explore the "other side," understand the beings there, and hear the wisdom gleaned. He faces the question of the hereafter, looks at life lessons, and examines what a connected awareness can mean to the human experience.

Life After Breath Routledge

From the #1 New York Times bestselling author of Five Presidents and The Kennedy Detail comes an “insightful and beautifully told look into the life of one of the most public and admired first ladies” (Publishers Weekly)—Betty Ford. Betty Ford: First Lady, Women’s Advocate, Survivor, Trailblazer is the inspiring story of an ordinary Midwestern girl thrust onto the world stage and into the White House under extraordinary circumstances. Setting a precedent as First Lady, Betty Ford refused to be silenced by her critics as she publicly championed equal rights for women, and spoke out about issues that had previously been taboo—breast cancer, depression, abortion, and sexuality. Privately, there were signs something was wrong. After a painful intervention by her family, she admitted to an addiction to alcohol and prescription drugs. Her courageous decision to speak out publicly sparked a national dialogue, and in 1982, she co-founded the Betty Ford Center, which revolutionized treatment for alcoholism and inspired the modern concept of recovery. Lisa McCubbin also brings to light Gerald and Betty Ford’s sweeping love story: from Michigan to the White House, until their dying days, their relationship was that of a man and woman utterly devoted to one another other—a relationship built on trust, respect, and an unquantifiable chemistry. Based on intimate interviews with her children, Susan Ford Bales and Steven Ford, as well as family, friends, and colleagues, Betty Ford is “a vivid picture of a singularly influential woman” (Bookpage).
