### Drawing on The Dominant Eye Bantam

The author describes her life-changing near-death experience, during which she was drawn into a brilliant golden light and experienced a complete sense of peace before returning with a spiritual message. Reprint.

### Quintessence CreateSpace

What does it mean if you dream you're being chased by someone in a dream night after night? What if you're flying, or falling, or spitting out teeth? Should you be embarrassed if you happen to be walking through Grand Central Station in the nude? You dream every night, even if you don't remember your dreams. Dreams are an important key to self-discovery, offering insight, guidance, and inspirations. All dreams—even nightmares—contain positive messages. The trick is learning to decipher the symbolism so you can understand what your dreams are trying to tell you. The Dream Book: includes interpretation of 1,650 dream symbols, along with explanations of recurring dreams, prophetic dreams, violent dreams, dreams about snakes, about sex, money, death, and more. You'll also learn to remember your dreams more clearly and discover ways to use them to solve problems in waking hours.

### After the Light Harmony

The author recounts her near-death experience, recounting the miraculous visions she saw, the emotions she experienced, and how it changed her subsequent life

### Heaven is for Real Amer Family Pub

A sequel to the best-selling *Saved by the Light* describes the author's spiritual coming to terms with his newfound and disorienting psychic abilities and his decision to offer comfort to the dying. Reprint.

### Deceived by the Light HarperCollins UK

Describes memories Roy Mills had before his birth, relating to God, heaven, and the experiences of the spiritual world.

### Beyond and Back Piatkus Books

Death, even for a moment, changes everything. In *Life After Breath*, Jacob's near-death experience as a child ripped an opening between him and the spirit world. He lived, but was forever changed. As he grew, darkness and light led him on a roller coaster ride of turmoil, loss, discovery, and renewal. He now shares this mystical journey with those brave enough to explore the "other side," understand the beings there, and hear the wisdom gleaned. He faces the question of the hereafter, looks at life lessons, and examines what a connected awareness can mean to the human experience.

### The Gifts of Near-Death Experiences Baker Publishing Group

One Palm Sunday, Echo Bodine prayed to be granted a better understanding of worlds beyond this one, and three days later she found herself on an amazing voyage. Leaving her body behind, she traveled through life, death, and then beyond in a breath-taking vision of what awaits us all after this life. Echoes of the Soul is heartwarming and enlightening. In simple prose, Echo Bodine gently leads readers through realms of existence we all have yet to experience. Her inspiring images leave us with a hopeful vision of life after death — or, as Echo calls it, graduation, when we go to our real home. This inspiring and positive vision of the afterlife leaves the reader filled with hope, and even awe.

### Fountain of Age Routledge

Why should we care about heaven? -- What is heaven like? -- When does a person go to heaven? -- Where is heaven? -- Who goes to heaven?

### Embraced by the Light Authentic Media Inc

Near-death experiences (NDEs) are common, well-documented, and similar across cultures throughout the world. Current estimates are that between 4 and 15 percent of the world's population have had an NDE. Some of the fascination with NDEs comes from the fact that they often result in great leaps in personal growth. These leaps are characterized by the loss of the fear of death, the healing of deep hurts, an increase in self-esteem and compassion for others, a sense of union with all things, and a clearer sense of how to fulfill one's purpose in life. This is a book that teaches readers how to reap the benefits of NDEs without having to experience trauma. In the course of their many workshops around the world, the authors have discovered that when one immerses oneself in accounts of NDEs, one can experience love, hope, healing, and a sense of purpose. This is the only book that systematically encourages the reader to create a spiritual and psychological healing practice based on NDEs. Each chapter includes an account of a fascinating NDE, followed by a series of questions, meditations, exercises, and video links. The reader is encouraged to contemplate these stories and their own lives. It is truly a profound guide to both living and dying.

Not since Betty Eadie's *Embraced by the Light* has a personal account of a Near-Death Experience (NDE) been so utterly different from most others—or nearly as compelling. "This is a book you devour from cover to cover, and pass on to others. This is a book you will quote in your daily conversation. Storm was meant to write it and we were meant to read it." —from the foreword by Anne Rice In the thirty years since Raymond Moody's *Life After Life* appeared, a familiar pattern of NDEs has emerged: suddenly floating over one's own body, usually in a hospital setting, then a sudden hurtling through a tunnel of light toward a presence of love. Not so in Howard Storm's case. Storm, an avowed atheist, was awaiting emergency surgery when he realized that he was at death's door. Storm found himself out of his own body, looking down on the hospital room scene below. Next, rather than going "toward the light," he found himself being tortuously dragged to excruciating realms of darkness and death, where he was physically assaulted by monstrous beings of evil. His description of his pure terror and torture is unnerving in its utter originality and convincing detail. Finally, drawn away from death and transported to the realm of heaven, Storm met angelic beings as well as the God of Creation. In this fascinating account, Storm tells of his "life review," his conversation with God, even answers to age-old questions such as why the Holocaust was allowed to take place. Storm was sent back to his body with a new knowledge of the purpose of life here on earth. This book is his message of hope.

### The World According to Humphrey Avon Books

"If a man were to die, and then return, what message might those from the world beyond send back to us?" --Cover.

### Echoes of the Soul Penguin

A fascinating follow-up to the beloved bestseller *Drawing on the Right Side of the Brain*--with new insights about creativity and our unique way of seeing the world around us Millions of readers have embraced art teacher Betty Edwards's *Drawing on the Right Side of the Brain*, from art students and teachers to established artists, corporate

trainers, and more--all discovering a bold new way of drawing and problem-solving based on what we see, not what we think we see. In this highly anticipated follow-up, Edwards illuminates another piece of the creativity puzzle, revealing the role our dominant eye plays in how we perceive, create, and are seen by those around us. Research shows that much like being right-handed or left-handed, each of us has a dominant eye, corresponding to the dominant side of our brain--either verbal or perceptual. Once you learn the difference and try your hand at the simple drawing exercises, you'll gain fresh insights into how you perceive, think, and create. You'll learn how to not just look but truly see. Generously illustrated with visual examples, this remarkable guided tour through art history, psychology, and the creative process is a must-read for anyone looking for a richer understanding of our art, our minds, and ourselves.

### The Feminine Mystique Bantam

From the #1 New York Times bestselling author of *Five Presidents* and *The Kennedy Detail* comes an "insightful and beautifully told look into the life of one of the most public and admired first ladies" (Publishers Weekly)—Betty Ford. *Betty Ford: First Lady, Women's Advocate, Survivor, Trailblazer* is the inspiring story of an ordinary Midwestern girl thrust onto the world stage and into the White House under extraordinary circumstances. Setting a precedent as First Lady, Betty Ford refused to be silenced by her critics as she publicly championed equal rights for women, and spoke out about issues that had previously been taboo—breast cancer, depression, abortion, and sexuality. Privately, there were signs something was wrong. After a painful intervention by her family, she admitted to an addiction to alcohol and prescription drugs. Her courageous decision to speak out publicly sparked a national dialogue, and in 1982, she co-founded the Betty Ford Center, which revolutionized treatment for alcoholism and inspired the modern concept of recovery. Lisa McCubbin also brings to light Gerald and Betty Ford's sweeping love story: from Michigan to the White House, until their dying days, their relationship was that of a man and woman utterly devoted to one another—a relationship built on trust, respect, and an unquantifiable chemistry. Based on intimate interviews with her children, Susan Ford Bales and Steven Ford, as well as family, friends, and colleagues, Betty Ford is "a vivid picture of a singularly influential woman" (Bookpage).

### The Message Penguin

Betty Bard MacDonald (1907 – 1958), the best-selling author of *The Egg and I* and the classic *Mrs. Piggle-Wiggle* children's books, burst onto the literary scene shortly after the end of World War II. Readers embraced her memoir of her years as a young bride operating a chicken ranch on Washington's Olympic Peninsula, and *The Egg and I* sold its first million copies in less than a year. The public was drawn to MacDonald's vivacity, her offbeat humor, and her irreverent take on life. In 1947, the book was made into a movie starring Fred MacMurray and Claudette Colbert, and spawned a series of films featuring MacDonald's Ma and Pa Kettle characters. MacDonald followed up the success of *The Egg and I* with the creation of *Mrs. Piggle-Wiggle*, a magical woman who cures children of their bad habits, and with three additional memoirs: *The Plague and I* (chronicling her time in a tuberculosis sanitarium just outside Seattle), *Anybody Can Do Anything* (recounting her madcap attempts to find work during the Great Depression), and *Onions in the Stew* (about her life raising two teenage daughters on Vashon Island). Author Paula Becker was granted full access to Betty MacDonald's archives, including materials never before seen by any researcher. Looking for Betty MacDonald, a biography of this endearing Northwest storyteller, reveals the story behind the memoirs and the difference between the real Betty MacDonald and her literary persona. ### Embraced by the Light and the Bible Harper Collins

Released for the first time in paperback, this landmark social and political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major advances in the feminist movement. Reprint.

### Embraced By The Light Oxford University Press

*The Near Death Experience: A Reader* is the most comprehensive collection of NDE cases and interpretations ever assembled. This book encompasses a broad range of disciplines: psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena; the biological perspective describes how brains near death may produce soothing endorphins, optical illusions, and convincing hallucinations. Philosophers present empirical analyses and images in archetypal theories, and the symbolic language of comparative phenomenological theories. Christian, Jewish and Mormon responses to NDEs outline the religious perspective, and the mystical and spiritual interpretations of NDEs are also explored.
