Looking for Betty MacDonald Hampton Roads Publishing
The Near Death Experience: A Reader is the most comprehensive collection of NDE cases and interpretations ever assembled. This book encompasses a broad range of disciplines: psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena; the biological perspective describes how brains near death may produce soothing endorphins, optical illusions, and convincing hallucinations. Philosophers present empirical analyses and images in archetypal theories, and the symbolic language of comparative phenomenological theories. Christian, Jewish and Mormon responses to NDEs outline the religious perspective, and the mystical and spiritual interpretations of NDEs are also explored.

Heaven Is for Real Turtleback

A young boy emerges from life-saving surgery with remarkable stories of his visit to heaven. *Heaven Is for Real* is the true story of the four-year old son of a small town Nebraska pastor who during emergency surgery slips from consciousness and enters heaven. He survives and begins talking about being able to look down and see the doctor operating and his dad praying in the waiting room. The family didn't know what to believe but soon the evidence was clear. Colton said he met his miscarried sister, whom no one had told him about, and his great grandfather who died 30 years before Colton was born, then shared impossible-to-know details about each. He

describes the horse that only Jesus could ride, about how "reaaaally big" God and his chair are, and how the Holy Spirit "shoots down power" from heaven to help us. Told by the father, but often in Colton's own words, the disarmingly simple message is heaven is a real place, Jesus really loves children, and be ready, there is a coming last battle.

Heaven Harper Collins

A recent Newsweek poll reports that 76 percent of Americans believe in heaven. Yet even avid believers have difficulty conjuring up more than vague images of halos, harps, and wispy angels in flowing robes. Anthony DeStefano knew there had to be a more complete, meaningful, and comforting vision of what heaven is like, and *A Travel Guide to Heaven* is the entertaining and enlightening result. Using the Bible as his guide, the author notes that heaven is not only a spiritual place, but also a physical place, a fabulous "luxury resort" more sumptuous than any on Earth. The residents are real, their bodies transformed into their most perfect selves—physically, emotionally, and spiritually. By making a spiritual subject immensely physical, the book provides a picture of amazing places to visit, things to do, luxuries for pampering—not to mention deep, abiding joy. Combining the clarity and logic of C. S. Lewis with a terrific sense of fun and adventure, DeStefano creates a brilliant, reassuring portrait of heaven, a place that has intrigued and puzzled humankind throughout history. With its clear view of the afterlife, *A Travel Guide to Heaven* might best be compared to James Van Praagh's *Talking to Heaven* or Betty J. Eadie's *Embraced by the Light* in its tremendous message of comfort and reassurance.

After the Light Baker Books

An incisive history of the controversial Google Books project and the ongoing quest for a universal digital library Libraries have long talked about providing comprehensive access to information for everyone. But when Google announced in 2004 that it planned to digitize books to make the world's knowledge accessible to all, questions were raised about the roles and

responsibilities of libraries, the rights of authors and publishers, and whether a powerful corporation should be the conveyor of such a fundamental public good. Along Came Google traces the history of Google's book digitization project and its implications for us today. Deanna Marcum and Roger Schonfeld draw on in-depth interviews with those who both embraced and resisted Google's plans, from librarians and technologists to university leaders, tech executives, and the heads of leading publishing houses. They look at earlier digital initiatives to provide open access to knowledge, and describe how Google founders Sergey Brin and Larry Page made the case for a universal digital library and drew on their company's considerable financial resources to make it a reality. Marcum and Schonfeld examine how librarians and scholars organized a legal response to Google, and reveal the missed opportunities when a settlement with the tech giant failed. Along Came Google sheds light on the transformational effects of the Google Books project on scholarship and discusses how we can continue to think imaginatively and collaboratively about expanding the digital availability of knowledge.

The author recounts her near-death experience, recounting the miraculous visions she saw, the emotions she experienced, and how it changed her subsequent life

After the Light Hampton Roads Publishing

#1 NEW YORK TIMES BESTSELLER • The groundbreaking account of life after death that has become a source of comfort, inspiration, and solace to millions “ I felt a surge of energy, and my spirit was suddenly drawn through my chest and pulled upward. My first impression is that I was free. . . . ” On the night of November 19, 1973, following surgery, thirty-one-year-old wife and mother Betty J. Eadie died. This is her extraordinary story of the events that followed, her astonishing proof of life after physical death. She saw more, perhaps than any other person has seen before and shares her almost photographic recollections of the remarkable details. Compelling, inspiring, and infinitely reassuring, her vivid account gives us a glimpse of the peace and unconditional love that awaits us all. More important, Betty's journey offers a simple message that can transform our lives today, showing us our purpose and guiding us to live the way we were meant to—joyously, abundantly, and with love. Praise for *Embraced by the Light* “ The most detailed and spellbinding near-death experience I have ever heard. ” —Kimberly Clark-Sharp, president, Seattle International Association of Near-Death Studies To Hell and Back Ranelle International

Provides a daily devotional lesson based on quotations from the author's inspirational books, along with a Bible verse, a brief prayer, and an affirmation for the day.

Betty Bard MacDonald (1907 – 1958), the best-selling author of *The Egg and I* and the classic *Mrs. Piggle-Wiggle* children ' s books, burst onto the literary scene shortly after the end of World War II. Readers embraced her memoir of her years as a young bride operating a chicken ranch on Washington ' s Olympic Peninsula, and *The Egg and I* sold its first million copies in less than a year. The public was drawn to MacDonald ' s vivacity, her offbeat humor, and her irreverent take on life. In 1947, the book was made into a movie starring Fred MacMurray and Claudette Colbert, and spawned a series of films featuring MacDonald's Ma and Pa Kettle characters. MacDonald followed up the success of *The Egg and I* with the creation of *Mrs. Piggle-Wiggle*, a magical woman who cures children of their bad habits, and with three additional memoirs: *The Plague and I* (chronicling her time in a tuberculosis sanitarium just outside Seattle), *Anybody Can Do Anything* (recounting her madcap attempts to find work during the Great Depression), and *Onions in the Stew* (about her life raising two teenage daughters on Vashon Island). Author Paula Becker was granted full access to Betty MacDonald ' s archives, including materials never before seen by any researcher. Looking for Betty MacDonald, a biography of this endearing Northwest storyteller, reveals the story behind the memoirs and the difference between the real Betty MacDonald and her literary persona. The Soul's Remembrance WaterBrook

In this remarkable book, Fenimore describes one life, haunted by abuse and despair, that led to the suicide she thought would give her peace. Instead she entered a realm of terrifying darkness. *Beyond the Darkness* is unique in the near-death literature because it is the only full-length account of a descent into Hell.

Case studies of near-death experiences in children reveal the patients' ability to communicate with deceased relatives and friends, as well as their experiences while dead

Embraced by the Light Kregel Academic

From the #1 New York Times bestselling author of *Five Presidents* and *The Kennedy Detail* comes an “ insightful and beautifully told look into the life of one of the most public and admired first ladies ” (Publishers Weekly)—Betty Ford. *Betty Ford: First Lady, Women ' s Advocate, Survivor, Trailblazer* is the inspiring story of an ordinary Midwestern girl thrust onto the world stage and into the White House under extraordinary circumstances. Setting a precedent as First Lady, Betty Ford refused to be silenced by her critics as she publicly championed equal rights for women, and spoke out about issues that had previously been taboo—breast

cancer, depression, abortion, and sexuality. Privately, there were signs something was wrong. After a painful intervention by her family, she admitted to an addiction to alcohol and prescription drugs. Her courageous decision to speak out publicly sparked a national dialogue, and in 1982, she co-founded the Betty Ford Center, which revolutionized treatment for alcoholism and inspired the modern concept of recovery. Lisa McCubbin also brings to light Gerald and Betty Ford ' s sweeping love story: from Michigan to the White House, until their dying days, their relationship was that of a man and woman utterly devoted to one another other—a relationship built on trust, respect, and an unquantifiable chemistry. Based on intimate interviews with her children, Susan Ford Bales and Steven Ford, as well as family, friends, and colleagues, Betty Ford is “ a vivid picture of a singularly influential woman ” (Bookpage).

Learning from the Light Penguin

Shares angelic messages given to Lerma's patients, and provides stories from survivors who have experienced the loss of a loved one... and their visits with angels.

Beyond the Darkness Simon and Schuster

Sharp--who experienced near-death almost 25 years ago--chronicles her journey from a materialistic, superficial life to one of helping others, as a social worker, trauma counselor, and a death educator. "Kim will tantalize and fascinate . . . as she shares . . . her extraordinary life of service to the seen and the unseen". --Betty J. Eadie (*Embraced by the Light*).

The Vanishing Half Piatkus Books

Millions of people throughout the world have had a near-death experience. In this fascinating and moving book, Melvin Morse presents the extraordinary stories of people who have returned from 'death', and shows how the lives of these people who return from the brink of death are usually changed for the better - spiritually and physically. This transformation stays with them for the rest of their lives. The compelling and powerful evidence for the transformative effect of a near-death experience will permanently alter your views on death and dying.

One Last Hug Before I Go Thomas Nelson Publishers

The author recounts her near-death experience, recounting the miraculous visions she saw, the emotions she experienced, and how it changed her subsequent life

Into the Light Routledge

In *40 Questions About Heaven and Hell*, Alan Gomes surveys the Old and New Testaments to present a comprehensive picture of the afterlife. The question-and-answer format makes it easy to find answers to specific questions on heaven, hell, the intermediate state, the final judgment, and life in eternity. Readers will find solid answers to many vital questions: • What

should we conclude about those who claim to have seen heaven or hell? · Is it possible for us to communicate with the dead? · Is there such a place as purgatory? · What will our resurrected bodies be like? · What will we do in the eternal state? · Will there be animals in the eternal state? · What is hell like? · How can a God of love send people to an eternal hell? · Did Jesus "descend into hell" like the Apostles' Creed says? Study notes point to additional resources for learning, and reflection questions at the end of each chapter make the book ideal for small group studies.

Along Came Google Harmony

Death is one of life ' s greatest mysteries. Over the years, the bestseller lists have contained many works on death-related phenomena: Betty Eadie ' s *Embraced by the Light*; James Van Praagh ' s *Talking to Heaven*; and Raymond Moodie ' s *Life After Life*, are just a few. *One Last Hug Before I Go* is the first book to explore in depth the Deathbed Vision (DBV). Complete with the author ' s own encounters and those of over forty other DBV experiencers, this revolutionary work provides research information from the early twentieth century through the present. Included are: survivors ' detailed accounts of their departed loved one ' s visions and final words; the survivors ' mystical experiences and premonitions preceding a loved one ' s passing; accounts of seeing the soul leave the body; and after-death communications. These final words and visions from the dying provide a poignant, final farewell hug to loved ones, offering peace of mind and hope for an eventual reunion. After finishing this fascinating book, readers will come away with a better understanding and acceptance of the process of death and see it as a spiritual adventure, not a sad and fearful ending to life.

The Burning Within AuthorHouse
