Bibliographic Formats and Standards McGraw-Hill Education

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study

since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Spirit and Schism San Francisco : R & E Research Associates

This thesis presents the history of Oneness Pentecostalism in the Philippines for the first time. It traces the origins, development, and current state of this movement. This work will attempt to supply that information and do so in a manner that recognizes the vital roles of the Filipinos. It argues that schism within the movement was unavoidable due to historical and cultural predispositions of the Filipinos when combined with the paternal methods of the missionaries and the schismatic nature of Pentecostalism. Important leaders are examined and presented with heretofore-unpublished details of their lives and works, including missionaries and national leaders such as Diamond A. Noble and Wilde Almeda. Some of the many organizations are studied from the perspective of schism and success and a summary of the entire movement is offered with an analysis as to why people have migrated into it and within it. It attempts to present a way of understanding Oneness Pentecostalism in the Philippines through the examination of schism. Understanding that may contribute to a global understanding of the Oneness movement, or even of Pentecostalism as a whole.

Education

BONUS: This edition contains an excerpt from Mary Balogh's *The Secret Mistress*. Born a commoner, Hannah Reid has been Duchess of Dunbarton since she was nineteen years old. Now her husband is dead and, more beautiful than ever at thirty, Hannah has her freedom at last. To the shock of a conventional friend, she announces her intention to take a lover—and not just any lover, but the most dangerous and delicious man in all of upper-class England: Constantine Huxtable. Constantine's illegitimacy has denied him the title of earl, so now he denies himself nothing. Rumored to be living the easy life of a sensualist on his country estate, he always chooses recent widows for his short-lived affairs. Hannah will fit the bill nicely. But once these two passionate and scandalous figures find each other, they discover that it isn't so easy to extricate oneself from the fires of desire—without getting singed.

Algebra 1, Student Edition Oxford University Press, USA

One year before his death Frank Kafka had an extraordinary experience. Having a walk through Steglitz Park, in Berlin, he found a little girl crying heartbroken. She had lost her doll. To calm her down Frank introduced himself as the Dolls's Postman, and told the little girl that the doll was away on a trip but had sent a letter for her that will be delivered by himself the following day. For three weeks Frank focused exclusively on the doll's letters that he handed on every day to the girl. Nobody has ever known who that little girl was and what happened with the letters.

The Nassi/Levy Spanish Three Years Workbook Bloomsbury Publishing

Over the last two decades, interest in translation around the world has increased beyond any predictions. International bestseller lists now contain large numbers of translated works, and writers from Latin America, Africa, India and China have joined the lists of eminent, bestselling European writers and those from the global English-speaking world. Despite this, translators tend to be invisible, as are the processes they follow and the strategies they employ when translating. *The Translator as Writer* bridges the divide between those who study translation and those who produce translations, through essays written by well-known translators talking about their own work as distinctive creative literary practice. The book emphasises this creativity, arguing that translators are effectively writers, or rewriters who produce works that can be read and enjoyed by an entirely new audience. The aim of the book is to give a proper prominence to the role of translators and in so doing to move attention back to the act of translating, away from more abstract speculation about what translation might involve.

The Translator as Writer Arms & Armour

The two stories in this reader, *La Familia Miranda* and *El Viaje a Guatemala*, have a continuous story line and are also correlated to the vocabulary and structures presented in the textbook *Somos Asi 1*. They may be used independently as well. - Publisher.

EMC Español: Annotated teacher's edition

The year 2019 marked a number of significant anniversaries for the People's Republic of China (PRC), each representing different 'Chinese dreams'. There was the centennial of the May Fourth Movement — a dream of patriotism and cultural renewal. The PRC celebrated its seventieth anniversary — a dream of revolution and national strength. It was also thirty years since the student-led Protest Movement of 1989 — dreams of democracy and free expression crushed by government dreams of unity and stability. Many of these 'dreams' recurred in new guises in 2019. President Xi Jinping tightened his grip on power at home while calling for all citizens to 'defend China's honour abroad'. Escalating violence in Hong Kong, the ongoing suppression of Uyghurs in Xinjiang, and deteriorating Sino-US relations dominated the headlines. Alongside stories about China's advances in artificial intelligence and genetically modified babies and its ambitions in the Antarctic and outer space, these issues fuelled discussion about what Xi's own 'China Dream' of national rejuvenation means for Chinese citizens and the rest of the world. The China Story Yearbook: China Dreams reflects on these issues and more. It surveys the dreams, illusions, aspirations, and nightmares that coexisted (and clashed) in 2019 in China and beyond. As ever, we take a cross-disciplinary perspective that recognises the inextricable links between economy, politics, culture, history, language, and society. The Yearbook, with its accessible analysis of the main events and trends of the year, is an essential tool for understanding China's growing power and influence around the world.

El-Hi Textbooks in Print
