Emergency Nurse | RCNi

Emergency nurses can be found working as "Flight nurses, on search and rescue teams, in the film industry as movie medics or in urgent care facilities," Elliott says. If the prospect of practicing your medical skills in the air or on the set of a Hollywood movie isn't exciting enough, ER nurses can also serve patients by

working on cruise ships. Emergency nurses are particularly well suited for this unique work environment since they're used to seeing patients with a variety of

The emergency care environment is stressful and challenging and for emergency nurses to develop and work effectively, they need to maintain personal wellbeing. To develop resilience, emergency nurses should feel supported in exploring their experiences, to enable reflection and learning. The need for emotional support at any stage in an emergency nurse's career should never be underestimated.
