"Walden. Yesterday I came here to live." That entry from the journal of Henry David Thoreau, and the intellectual journey it began, would by themselves be enough to place Thoreau in the American pantheon. His attempt to "live deliberately" in a small woods at the edge of his hometown of Concord has been a touchstone for individualists and seekers since the publication of Walden in 1854. But there was much more to Thoreau than his brief experiment in living at Walden Pond. A member of the vibrant intellectual circle centered on his neighbor Ralph Waldo Emerson, he was also an ardent naturalist, a manual laborer and inventor, a radical political activist, and more. Many books have taken up various aspects of Thoreau's character and achievements, but, as Laura Dassow Walls writes, "Thoreau has never been captured between covers; he was too quixotic, mischievous, many-sided." Two hundred years after his birth, and two generations after the last full-scale biography, Walls restores Henry David Thoreau to us in all his profound, inspiring complexity. Walls traces the full arc of Thoreau's life, from his early days in the intellectual hothouse of Concord, when the American experiment still felt fresh and precarious, and "America was a family affair, earned by one generation and about to pass to the next." By the time he died in

1862, at only forty-four years of age, Thoreau had witnessed the transformation of his world from a community of farmers and artisans into a bustling, interconnected commercial nation. What did that portend for the contemplative individual and abundant, wild nature that Thoreau celebrated? Drawing on Thoreau's copious writings, published and unpublished, Walls presents a Thoreau vigorously alive in all his quirks and contradictions: the young man shattered by the sudden death of his brother; the ambitious Harvard College student; the ecstatic visionary who closed Walden with an account of the regenerative power of the Cosmos. We meet the man whose belief in human freedom and the value of labor made him an uncompromising abolitionist; the solitary walker who found society in nature, but also found his own nature in the society of which he was a deeply interwoven part. And, running through it all, Thoreau the passionate naturalist, who, long before the age of environmentalism, saw tragedy for future generations in the human heedlessness around him. "The Thoreau I sought was not in any book, so I wrote this one," says Walls. The result is a Thoreau unlike any seen since he walked the streets of Concord, a Thoreau for our time and all time.

"I have always had faith that the best writers will rise to the top, like cream, sooner or later, and will become exactly as well-known as they should be—their work talked about, quoted, taught, performed, filmed, set to music, anthologized. Perhaps, with the present collection, Lucia Berlin will begin to gain the attention she deserves." —Lydia Davis

A MANUAL FOR CLEANING WOMEN compiles the best work of the legendary short-story writer Lucia Berlin. With the grit of Raymond Carver, the humor of Grace Paley, and a blend of wit and melancholy all her own, Berlin crafts miracles from the everyday, uncovering moments of grace in the Laundromats and halfway houses of the American Southwest, in the homes of the Bay Area upper class, among switchboard operators and struggling mothers, hitchhikers and bad Christians. Readers will revel in this remarkable collection from a master of the form and wonder how they'd ever overlooked her in the first place.

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his resume, he moved back home in north London with his

parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

This volume traces the life, thought and work of Ralph Waldo Emerson, a giant of American intellectual history, whose transforming ideas greatly strengthened the two leading reform issues of his day: abolition and women's rights. A broad and deep, yet cautious revolutionary, he spoke about a spectrum of inner and outer realities—personal, philosophical, theological and cultural—all of which gave his mid-career turn to political and social issues their immediate and lasting power. This multi-authored study frankly explores Emerson's private prejudices against blacks and women while he also publicly championed their causes. Such a juxtaposition freshly charts the evolution of Emerson's slow but steady application of his early neo-idealism to emancipating blacks and freeing women from social bondage. His shift from philosopher to active reformer had lasting effects not only in America but also abroad. In the U.S. Emerson influenced such diverse figures as Thoreau, Whitman, Dickinson and William James, and in Europe Mickiewicz, Wilde, Kipling, Nietzsche, and Camus, as well as many leading followers in India and Japan. The book includes over 170 illustrations, among them eight custom-made maps of Emerson's haunts and wide-ranging lecture itineraries as well as a new four-part chronology of his life placed alongside both national and international events as well as major inventions. Mr. Emerson's Revolution provides essential reading for students and teachers of American intellectual history, the abolitionist and women's rights movement and for anyone interested in the nineteenth-century roots of these seismic social changes.
