The immensely popular blogger behind Little House Living provides a timeless and "heartwarming guide to modern homesteading" (BookPage) that will inspire you to live your life simply and frugally—perfect for fans of The Pioneer Woman and The Hands-On Home. Shortly after getting married, Merissa Alink and her husband found themselves with nothing in their pantry but a package of spaghetti and some breadcrumbs. Their life had seemingly hit rock bottom, and it was only after a touching act of charity that they were able to get back on their feet again. Inspired by this gesture of kindness as well as the beloved Little House on the Prairie books, Merissa was determined to live an entirely made-from-scratch life, and as a result, she rescued her household budget—saving thousands of dollars a year. Now, she reveals the powerful and moving lessons she's learned after years of homesteading, homemaking, and cooking from scratch. Filled with charm, practical advice, and gorgeous full-color photographs, Merissa shares everything from tips on budgeting to natural, easy-to-make recipes for taco seasoning mix, sunscreen, lemon poppy hand scrub, furniture polish, and much more. Inviting and charming, Little House Living is the epitome of heartland warmth and prairie inspiration.

The idea of The Fingerprint Sourcebook originated during a meeting in April 2002. Individuals representing the fingerprint, academic, and scientific communities met in Chicago, Illinois, for a day and a half to discuss the state of fingerprint identification with a view toward the challenges raised by Daubert issues. The meeting was a joint project between the International Association for Identification (IAI) and West Virginia University (WVU). One recommendation that came out of that meeting was a suggestion to create a sourcebook for friction ridge examiners, that is, a single source of researched information regarding the subject. This sourcebook would provide educational, training, and research information for the international scientific community.

In this novel inspired by Wuthering Heights, a small town bad boy forged by the fires of Afghanistan returns home, still burning with a romantic obsession nothing can quench. A small-town bad boy, forged into a man in the fires of Afghanistan, returns home, still burning with a romantic obsession nothing can quench. As the fog lifts one morning, a lone soldier is walking home. Who is he? The sleepy, gossipy town of Hoosick Bridge, Vermont, has forgotten him, but it will soon remember. He is Roy Murphy, returning to face his violent, complicated reputation. Returning to Emma Herrick, descendant of Hoosick Bridge's first family, who occupies its grandest, now decaying, house: the Heights. Their intense and unlikely adolescent romance provided scandalous gossip for the town. The young lovers escaped Hoosick Bridge, but Emma remained Roy's obsession long after they parted. Now Roy returns from Afghanistan a changed and extraordinary man who will stop at nothing to obtain a piece of the Herricks' legacy.

From the bestselling author of the acclaimed Chaos and Genius comes a thoughtful and provocative exploration of the big ideas of the modern era: Information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live. How to Cook Your Life Time Inc. Books

With 200,000+ copies in print, this New York Times bestseller shares the story and the recipes behind the chef and cuisine that changed the modern-day culinary landscape. Never before has there been a phenomenon like Momofuku. A once-unrecognizable word, it's now synonymous with the award-winning restaurants of the same name in New York City (Momofuku Noodle Bar, Ssäm Bar, Ko, Má Pêche, Fuku, Nishi, and Milk Bar), Toronto, and Sydney. Chef David Chang single-handedly revolutionized cooking in America and beyond with his use of bold Asian flavors and impeccable ingredients, his mastery of the humble ramen noodle, and his thorough devotion to pork. Chang relays with candor the tale of his unwitting rise to superstardom, which, though wracked with mishaps, happened at light speed. And the dishes shared in this book are coveted by all who've dined—or yearned to—at any Momofuku location (yes, the pork buns are here). This is a must-read for anyone who truly enjoys food.

Chocolate layer cake. Fudge brownies. Chocolate chip cookies. Boxes of chocolate truffles. Cups of cocoa. Hot fudge sundaes. Chocolate is synonymous with our cultural sweet tooth, our restaurant dessert menus, and our idea of indulgence. Chocolate is adored around the world and has been since the Spanish first encountered cocoa beans in South America in the sixteenth century. It is seen as magical, addictive, and powerful beyond anything that can be explained by its ingredients, and in Chocolate Sarah Moss and Alec Badenoch explore the origins and growth of this almost universal obsession. Moss and Badenoch recount the history of chocolate, which from ancient times has been associated with sexuality, sin, blood, and sacrifice. The first Spanish accounts claim that the Aztecs and Mayans used chocolate as a substitute for blood in sacrificial rituals and as a currency to replace gold. In the eighteenth century chocolate became regarded as an aphrodisiac—the first step on the road to today’s boxes of Valentine delights. Chocolate also looks at today’s mass-production of chocolate, with brands such as Hershey’s, Lindt, and Cadbury dominating our supermarket shelves. Packed with tempting images and decadent descriptions of chocolate throughout the ages, Chocolate will be as irresistible as the tasty treats it describes.

Every kid can be an artist with this book as their guide! Using basic art supplies — from paint, markers, paper, and glue to household finds like cardboard boxes and fabric scraps — children aged 6 and up learn that as long as they can imagine it, they can create it. Curated by two art educators with decades of experience, this rich collection of 53 arts and crafts activities offers up a ton of freeform fun, from Doodlemonsters and Painted Animal Rocks to Paper Bead Jewelry and Nature Weaving. Projects vary in difficulty so there’s something for a wide range of ages and abilities, and many can be completed in under an hour. Each project featured in the book has been kid-made (and kid-approved!), and colorful photos of the finished pieces will ignite a creative spark that inspires budding makers to express their imagination, humor, and individuality through art.
