[Upgrading and Repairing Laptops](#) McGraw Hill Professional

Meg Powers is the daughter of the President of the United States. She's about to enter her first year of college. She's living through the worst year of her life. Last June Meg was kidnapped by terrorists – brutalized, starved, and left for dead. She was shackled in a deserted mine shaft and had to smash the bones in her own hand to escape. Meg Powers survived the unthinkable, the stuff of nightmares. Her terrorist captor is still at large. But still she must live each day. Ahead of her is the grueling physical therapy to heal her broken body; the challenge of leaving the safety of the White House for her freshman year at college. But harder still than the physical and social challenges ahead are her shattered sense of herself and her family. Will she ever forgive her mother, the President, for her "can not, have not and will not negotiate with terrorists" stance – even when it came to her own daughter? And more difficult still, can Meg forgive herself for having the strength, the intelligence and the wit to survive? In a brilliant novel, Ellen Emerson White tells her most ambitious and intense story about a most unlikely but deeply affecting heroine.

[Winesburg, Ohio \(A Group of Tales of Ohio Small-Town Life\)](#) HarperCollins Publishers

[Up, Down, and Around](#) Bloomsbury Publishing

Beyond cutting edge, Mueller goes where no computer book author has gone before to produce a real owner's manual that every laptop owner should have. This book shows the upgrades users can perform, the ones that are better left to the manufacturer, and more.

[My Woodwork Notebook](#) Wordsworth Editions

The first systematic, comprehensive reference covering the ideas, genres, and concepts behind digital media. The study of what is collectively labeled "New Media"—the cultural and artistic practices made possible by digital technology—has become one of the most vibrant areas of scholarly activity and is rapidly turning into an established academic field, with many universities now offering it as a major. The Johns Hopkins Guide to Digital Media is the first comprehensive reference work to which teachers, students, and the curious can quickly turn for reliable information on the key terms and concepts of the field. The contributors present entries on nearly 150 ideas, genres, and theoretical concepts that have allowed digital media to produce some of the most innovative intellectual, artistic, and social practices of our time. The result is an easy-to-consult reference for digital media scholars or anyone wishing to become familiar with this fast-developing field.

Electronics is an ever-changing field with an entrepreneurial spirit and a rich history, populated by some of the world's most famous companies and personalities. The Business of Electronics details the field's complex ecosystem in all its trials and tribulations. It looks at companies such as Apple, IBM, Samsung, and Nokia, as well as now-extinct companies such as Honeywell Bull (France) and Sinclair Computers (UK) that contributed to technology and business. Sethi shows us how a handful of US companies led the charge in designing equipment that could make millions of small, reliable components; how Nokia started in the timber business; the history of inventors like J.C. Bose, a pioneer in radio communication (who inadvertently made Guglielmo Marconi famous); and why there are numerous companies and creators that never made it or that we have never heard of. This all-encompassing book not only explores the vibrant history of electronics, it uses case studies to examine the companies and people that made history and explain how we ended up where we are today.

[Twelve Years a Slave](#) McGraw-Hill Europe

An introduction to the art of the film, emphasizing an aesthetic approach. Objective is to teach any student how to analyze any film by using the various analytical methods outlined in the book.

Adulting is hard! But "kidulting"—engaging in nostalgic childhood activities to relieve stress, like playing with your old favorite toys, participating in games and activities from your youth, and even snacking on the foods you enjoyed as a kid— isn't. Let this book be your guide to indulging your inner child. "Kidulting" is a thing, and it's growing! Especially popular among millennials, the term "kidulting" refers to engaging in activities from your childhood, sometimes with a grown-up twist. Psychology Today points out that playing like a kid helps you look at the world with fresh eyes—or "beginner's mind"—which allows you to slow down and focus. The Kidult Handbook is a fun and informative guide to healthy escapism through play. Much like adult coloring books, kidulting is a way of focusing your mind on something fun and creative to relieve stress. But this book goes way beyond just coloring—it includes 160 ideas for fun, from timeless classics like building blanket and pillow forts, to generation-specific ideas, from millennials to boomers. Interspersed throughout are fun facts and trivia about games through the ages. Most activities are unplugged and screen-free, and range from solitary pursuits to ones you can share with a friend or two. Feeling young again has never been so easy!

[This Is Me](#) Feiwel & Friends

Today, Boston is in a uniquely powerful position to make our city more affordable, equitable, connected, and resilient. We will seize this moment to guide our growth to support our dynamic economy, connect more residents to opportunity, create vibrant neighborhoods, and continue our legacy as a thriving waterfront city. Mayor Martin J. Walsh's Imagine Boston 2030 is the first citywide plan in more than 50 years. This vision was shaped by more than 15,000 Boston voices.

[The In-home VCR Mechanical Repair & Cleaning Guide](#) Que Publishing

In The Story of India, Michael Wood weaves a spellbinding narrative out of the 10,000-year history of the subcontinent. Home today to more than a fifth of the world's population, India gave birth to the oldest and most influential civilization on Earth, to four world religions, and to the world's largest democracy. Now, as India bids to become a global economic giant, Michael sets out on an epic journey across this vibrant country to trace the roots of India's present in the incredible riches of her past. The Story of India is a magical mixture of history and travelogue, and an unforgettable portrait of India - past, present and future.

Encyclopedia of Recorded Sound Peter Lang

"Drawing on archival research, oral history interviews, and participant observation, this examination of the adoption and adaptation of Mod style across geographic space also maps its various interpretations over time, from the early 1960s to the present. The book traces the Mod youth culture from its genesis in the dimly lit clubs of London's Soho, where it began as a way for young people to reconfigure modernity after the chaos of World War II, to its contemporary, country-specific expressions. By examining Mod culture in the United States, Germany, and Japan alongside the United Kingdom, "We Are the Mods" contrasts the postwar development of Mod in those countries that lost the war with those that won. The book illuminates the culture's fashion, music, iconography, and gender aesthetics, to create a compelling portrait of a transnational subculture." --Book Jacket.
