Michael Hardt and Antonio Negri argue that while classical imperialism has largely disappeared, a new empire is emerging in a

---

diffuse blend of technology, economics, and globalization. The book brings together unlikely bedfellows: Hardt, associate professor in Duke University's literature program, and Negri, among other things a writer and inmate at Rebibbia Prison in Rome.

Michael Hardt - Wikipedia

“ The new book by Antonio Negri and Michael Hardt, Empire, is an amazing tour de force. Written with communicative enthusiasm, extensive historical knowledge, systematic organization, it basically combines a kojévian notion of global market as post-history (in this sense akin to Fukuyama 's eschatology) with a foucauldian and deleuzian notion of bio-politics (in this sense crossing the road of a Sloterdijk who also poses the question of a coming techniques of the production of the human ...

The network is the empire and the empire is the network. Now, in Multitude, Hardt and Negri offer up an inspiring vision of how the

people of the world can use the structures of empire against empire itself.
