Wrath of the Furies Constable

Spanning a thousand years, and following the shifting fortunes of two families through the ages, this is the epic saga of Rome, the city and its people. Weaving history, legend, and new archaeological discoveries into a spellbinding narrative, critically acclaimed novelist Steven Saylor gives new life to the drama of the city's first thousand years – from the founding of the city by the ill-fated twins Romulus and Remus, through Rome's astonishing ascent to become the capitol of the most powerful empire in history. Roma recounts the tragedy of the hero-traitor Coriolanus, the capture of the city by the Gauls, the invasion of Hannibal, the bitter political struggles of the patricians and plebeians, and the ultimate death of Rome's republic with the triumph, and assassination, of Julius Caesar. Witnessing this history, and sometimes playing key roles, are the descendents of two of Rome's first families, the Potitius and Pinarius clans: One is the confidant of Romulus. One is born a slave and tempts a Vestal virgin to break her vows. One becomes a mass murderer. And one becomes the heir of Julius Caesar. Linking the generations is a mysterious talisman as ancient as the city itself. Epic in every sense of the word, Roma is a panoramic historical saga and Saylor's finest achievement to date.

The Judgment of Caesar St. Martin's Press

The Roman civil war has come to its conclusion – Pompey is dead, Egypt is firmly under the control of Cleopatra (with the help of Rome's legions), and for the first time in many years Julius Caesar has returned to Rome itself. Appointed by the Senate as Dictator, the city abounds with rumors asserting that Caesar wishes to be made King – the first such that Rome has had in centuries. And that not all of his opposition has been crushed. Gordianus, recently returned from Egypt with his wife Bethesda, is essentially retired from his previous profession of 'Finder' but even he cannot refuse the call of Calpurnia, Caesar's wife.

Troubled by dreams foretelling disaster and fearing a conspiracy against the life of Caesar, she had hired someone to investigate the rumors. But that person, a close friend of Gordianus, has just turned up dead – murdered -- on her doorstep. With four successive Triumphs for Caesar's military victories scheduled for the coming days, and Caesar more exposed to danger than ever before, Calpurnia wants Gordianus to uncover the truth behind the rumored conspiracies -- to protect Caesar's life, before it is too late. No fan of Caesar's, Gordianus agrees to help – but only to

find the murderer who killed his friend. But once an investigation is begun, there's no controlling what it will turn up, who it will put in danger, and where it will end.

A Companion to the Archaeology of the Roman Republic Macmillan

Steven Saylor's Roma Sub Rosa series of novels, set in the late Roman Republic and featuring Gordianus the Finder, has garnered unusual acclaim from readers and reviewers alike, establishing him as one of the pre-eminent historical crime writers. In *A Gladiator Dies Only Once*, the second collection of his award-winning stories featuring Gordianus, Saylor more than meets his own high standards. Set during period between the events of his novels *Roman Blood* and *Catalina's Riddle*, these previously untold adventures range from twisted search for truth behind a threatening blind item in the *Acta Diurna* ("The Consul's Wife") and a kidnapping and murder during the revolt of Sertorius ("The White Fawn") to the story behind Cicero's discovery of Archimedes's tomb ("Archimedes Tomb") and a perplexing domestic situation in Gordianus's own home ("If a Cyclops Could Vanish in a Glimpse of an Eye.") These tales from the early career of Gordianus - when his adopted son Eco was still a mute boy and his wife Bethesda was but his slave - will delight Saylor's many fans while illuminating the details of the ancient world like no other writer can.

The New York Times bestselling and legendary author of *Helen of Troy* and *Elizabeth I* now turns her gaze on Emperor Nero, one of the most notorious and misunderstood figures in history. Built on the backs of those who fell before it, Julius Caesar's imperial dynasty is only as strong as the next person who seeks to control it. In the Roman Empire no one is safe from the sting of betrayal: man, woman—or child. As a boy, Nero's royal heritage becomes a threat to his very life, first when the mad emperor Caligula tries to drown him, then when his great aunt attempts to secure her own son's inheritance. Faced with shocking acts of treachery, young Nero is dealt a harsh lesson: it is better to be cruel than dead. While Nero idealizes the artistic and athletic principles of Greece, his very survival rests on his ability to navigate the sea of vipers that is Rome. The most lethal of all is his own mother, a cold-blooded woman whose singular goal is to control the empire. With cunning and poison, the obstacles fall one by one. But as Agrippina's machinations earn her son a title he is both tempted and terrified to assume, Nero's determination to escape her thrall will shape him into the man he was fated to become—an Emperor who became legendary. With impeccable research and captivating prose, *The Confessions of Young Nero* is the story of a boy's ruthless ascension to the throne. Detailing his journey from innocent youth to infamous ruler, it is an epic tale of the lengths to which man will go in the ultimate quest for power and survival.

It is 48 B.C. For years now, the rival Roman generals Caesar and Pompey have engaged in a contest for world domination. Both now turn to Egypt, where Pompey plans a last desperate stand on the banks of the Nile, while Caesar's legendary encounter with queen Cleopatra will spark a romance that reverberates down the centuries. But Egypt is a treacherous land, torn apart by the murderous rivalry between the goddess-queen and her brother King Ptolemy. Into this hot-house atmosphere of intrigue and deception comes Gordianus the Finder, innocently seeking a cure for his wife Bethesda in the sacred waters of the Nile. But when his plans go awry, he finds himself engaged in an even more desperate pursuit - to prove the innocence of the son he once disowned, who stands accused of murder. The judgment of Caesar will determine the fate of Gordianus's son; the choice Caesar makes between Cleopatra and her brother Ptolemy will determine the future of Rome's empire. At the center of these two dilemmas, Gordianus becomes the unwitting fulcrum that will shift the balance of history. Witness to the death throes of the old world, he is to play a critical role in the birth of the world to come. Drawing scrupulously on historical sources, this is the most ambitious novel yet in Steven Saylor's *Roma Sub Rosa* series. Saylor presents a bold new vision of Caesar and paints a compelling and original portrait of Cleopatra, amid bloodshed, battles and storms, in a setting of Egyptian magic and mystery. *Catilina's Riddle* InterVarsity Press

The Roman is a superb reconstruction of a time long ago, the Roman world in

the time of the Emperors Claudius & Nero. It's the story of Minutus, of noble birth, who serves the government and travels widely through the Empire, from his home in Antioch to the seat of world power, Rome. A historically consistent portrayal of the highest levels of society in ancient Rome. One of Waltari's great historical novels.

Cicero was still in his twenties when he got Sextus Roscius off a charge of murdering his father and nearly sixty when he defended King Deiotarus, accused of trying to murder Caesar. In between (with, among others, his speeches for Cluentius and Rabirius), he built a reputation as the greatest orator of his time. Cicero defended his practice partly on moral or compassionate grounds of 'human decency'--sentiments with which we today would agree. His clients generally went free. And in vindicating men--who sometimes did not deserve it--he left us a mass of detail about Roman life, law and history and, in two of the speeches, graphic pictures of the 'gun-law' of small provincial towns.

'A compelling storyteller, with a striking talent for historical reconstruction' Mary Beard A.D. 165: The empire of Rome has reached its pinnacle. Pax Roma reigns from Britannia to Egypt, from Gaul to Greece. Emperor Marcus Aurelius oversees a golden age and the ancient Pinarius family of artisans embellish the greatest city on Earth with gilded statues and towering marble monuments. But history does not stand still. The years to come bring wars, plagues, fires, and famines. The best emperors in history are succeeded by some of the worst. Barbarians descend, eventually appearing before the gates of Rome itself. Chaos engulfs the empire. Through it all, the Pinarius family endures, thanks in no small part to the fascinum, a protective talisman older than Rome itself, handed down through countless generations. But on the fringes of society, a band of troublesome cultists disseminate dangerous and seditious ideas. They call themselves Christians. Some emperors deal with the Christians with toleration, others with bloody persecution. Then one emperor does the unthinkable. He becomes a Christian himself and the revolution he sets in motion will change the world forever. Spanning 160 years and seven generations, teeming with some of ancient Rome's most vivid figures, Saylor's epic brings to vivid life some of the most tumultuous chapters of human history, events which reverberate still. Praise for Steven Saylor: 'Saylor expertly weaves the true history of Rome with the lives and loves of its fictional citizens.'
