A Gladiator Dies Only Once Macmillan

The New York Times bestselling and legendary author of Helen of Troy and Elizabeth I now turns her gaze on Emperor Nero, one of the most notorious and misunderstood figures in history. Built on the backs of those who fell before it, Julius Caesar's imperial dynasty is only as strong as the next person who seeks to control it. In the

Roman Empire no one is safe from the sting of betrayal: man, woman—or child. As a boy, Nero's royal heritage becomes a threat to his very life, first when the mad emperor Caligula tries to drown him, then when his great aunt attempts to secure her own son's inheritance. Faced with shocking acts of treachery, young Nero is dealt a harsh lesson: it is better to be cruel than dead. While Nero idealizes the artistic and athletic principles of Greece, his very survival rests on his ability to navigate the sea of vipers that is Rome. The most lethal of all is his own mother, a cold-blooded woman whose singular goal is to control the empire. With cunning and poison, the obstacles fall one by one. But as Agrippina's machinations earn her son a title he is both tempted and terrified to assume, Nero's determination to escape her thrall will shape him into the man he was fated to become—an Emperor who became legendary. With impeccable research and captivating prose, *The Confessions of Young Nero* is the story of a boy's ruthless ascension to the throne. Detailing his journey from innocent youth to infamous ruler, it is an epic tale of the lengths to which man will go in the ultimate quest for power and survival.

The First Man in Rome Penguin

'A compelling storyteller, with a striking talent for historical reconstruction' Mary Beard A.D. 165: The empire of Rome has

reached its pinnacle. Pax Roma reigns from Britannia to Egypt, from Gaul to Greece. Emperor Marcus Aurelius oversees a golden age and the ancient Pinarius family of artisans embellish the greatest city on Earth with gilded statues and towering marble monuments. But history does not stand still. The years to come bring wars, plagues, fires, and famines. The best emperors in history are succeeded by some of the worst. Barbarians descend, eventually appearing before the gates of Rome itself. Chaos engulfs the empire. Through it all, the Pinarius family endures, thanks in no small part to the fascinum, a protective talisman older than Rome itself, handed down through countless generations. But on the fringes of society, a band of troublesome cultists disseminate dangerous and seditious ideas. They call themselves Christians. Some emperors deal with the Christians with toleration, others with bloody persecution. Then one emperor does the unthinkable. He becomes a Christian himself and the revolution he sets in motion will change the world forever. Spanning 160 years and seven generations, teeming with some of ancient Rome's most vivid figures, Saylor's epic brings to vivid life some of the most tumultuous chapters of human history, events which reverberate still. Praise for Steven Saylor: 'Saylor expertly weaves the true history of Rome with the lives and loves of its fictional citizens.' Daily Express 'Saylor's scholarship is breathtaking and his writing enthralls' Ruth Rendell 'With the scalpel-like deftness of a Hollywood director, Saylor puts his finger on the very essence of Roman history.' Times Literary Supplement 'Readers will find his work wonderfully (and gracefully) researched... this is entertainment of the first order.'

Washington Post 'Saylor's scholarship is breathtaking and his writing enthrals' Ruth Rendell 'The most reliably entertaining and well-researched novels about the ancient world [are] Steven Saylor's tales of the Roman proto-detective Gordianus the Finder. The Throne of Caesar brings the series to a satisfying conclusion [and offers] a new, compelling perspective on familiar historic events' Sunday Times

A Companion to the Archaeology of the Roman Republic Bloomsbury Publishing USA

The Julio-Claudian family possessed all the brutality and dysfunctionality of the Sopranos, but with fewer (or no) constraints on their power to injure outsiders or each other. From this raw material Robert Graves brilliantly recreates a world of power, intrigue and cruelty, a world permeated through and through with the threat of sudden and violent death. In the process he raises striking, sometimes unanswerable questions: was Tiberius really as depraved as Suetonius suggests? Was Livia the true power behind Augustus' throne? And did she really poison all those people? Did Caligula seriously plan to make his horse a consul? Whether or not we can answer these

questions, this was certainly a world in which such things could happen. With an Afterword by Tom Griffith.
