Whether you're an HR professional or a manager, chances are there's one task you really dislike: giving performance reviews. Even if you know the basic points you want to get across, finding the right words and committing them to paper is about as much fun as a trip to the dentist. But this handy little book puts thousands of ready-to-use words, phrases, descriptions, and action items right at your fingertips. Paul Falcone covers the 25 most commonly rated performance factors, including productivity, time management, teamwork, and decision making, plus job-specific parameters that apply in sales, customer service, finance, and many other areas. Not just for review time, the book will also be instrumental in creating job descriptions and development plans as well as for monitoring performance, progress, and problems year-round. Praise for Paul Falcone's Previous Books: "If the art and science of hiring and firing has become a puzzle, then author Paul Falcone [The Hiring and Firing Question and Answer Book] has the answer."-- Houston Business Journal "When you feel the need to document an employee's actions (or inactions), turn to this great tool [101 Sample Write-Ups for Documenting Employee Performance Problems]."-- Legal Management "[96 Great Interview Questions to Ask Before You Hire] takes the guesswork out of the interview process."-- Benefits and Compensation Solutions Paul Falcone is a human resources executive and has held senior-level positions with Nickelodeon, Paramount Pictures, and Time Warner. He is the author of several bestselling books, including 101 Sample Write-Ups for Documenting Employee Performance Problems, 101 Tough Conversations to Have with Employees, and 2600 Phrases for Setting Effective Performance Goals. He is a long-time contributor to HR Magazine. Visit him at [www.PaulFalconeHR.com](http://www.PaulFalconeHR.com).

Do you supervise people? If so, this book is for you. One of a manager's toughest—and most important—responsibilities is to evaluate an employee's performance, providing honest feedback and clarifying what they've done well and where they need to improve. In How to Be Good at Performance Appraisals, Dick Grote provides a concise, hands-on guide to succeeding at every step of the performance appraisal process—no matter what performance management system your organization uses. Through step-by-step instructions, examples, do-and-don't bullet lists, sample dialogues, and suggested scripts, he shows you how to handle every appraisal activity from setting goals and defining job responsibilities to evaluating performance quality and discussing the performance evaluation face-to-face. Based on decades of experience guiding managers through their biggest challenges, Grote helps answer the questions he hears most often: • How do I set goals effectively? How many goals should someone set? • How do I evaluate a person's behaviors? Which counts more, behaviors or results? • How do I determine the right performance appraisal rating? How do I explain my rating to a skeptical employee? • How do I tell someone she's not meeting my expectations? How do I deliver bad news? Grote also explains how to

tackle other thorny performance management tasks, including determining compensation and terminating poor performers. In accessible and useful language, How to Be Good at Performance Appraisals will help you handle performance appraisals confidently and successfully, no matter the size or culture of your organization. It's the one book you need to excel at this daunting yet critical task.

Performance Appraisals and Phrases For Dummies John Wiley & Sons

Teach What You Know John Wiley & Sons

The key difference between a highly successful organization raising bars at every turn and one that limps along just happy to reach its quarterly goals--most of the time--might very well be how they address performance reviews. Are they just a perfunctory, annual "check-off," with no other goal than to justify salary increases, or does the organization truly know how to manage and measure its employees' performances in order to best impact a company's bottom line? In The Performance Appraisal Tool Kit, readers will discover a customizable appraisal template covering the essential areas of performance and conduct and learn how they can adapt it to fit varying business strategies. After all, every organization is a unique entity, therefore, the performance appraisal plan must also be unique to its company. In order to find the process that best increases efficiency and effectiveness in your workplace, learn how to: • Profile ideal employee performance and behavior • Design competencies that power performance, both at the individual and enterprise level • Drive future change by setting your organization's strategic direction • Retool the appraisal as needed to ratchet up expectations over time • And more There's nothing more valuable to a company in the long-term than a motivated and dedicated workforce. This forward-thinking, one-of-a-kind guide gives you the resources you need to construct a performance appraisal program that will accommodate market changes, revised priorities, and increasing productivity targets--and in the end, will lift your organization to a higher level.

Improving Employee Performance Through Appraisal and Coaching John Wiley & Sons

It aims to be a management guide, enabling readers to examine their own work and performance, to diagnose their weaknesses and to improve their own effectiveness as well as the results of the enterprise they are responsible for.

[HBR Guide to Performance Management \(HBR Guide Series\)](#) World Bank Publications

The acclaimed New York Times and Wall Street Journal bestseller from Robert Cialdini—“the foremost expert on effective persuasion” (Harvard Business Review)—explains how it's not necessarily the message itself that changes minds, but the key moment before you

deliver that message. What separates effective communicators from truly successful persuaders? With the same rigorous scientific research and accessibility that made his *Influence* an iconic bestseller, Robert Cialdini explains how to prepare people to be receptive to a message before they experience it. Optimal persuasion is achieved only through optimal pre-suasion. In other words, to change “minds” a pre-suader must also change “states of mind.” Named a “Best Business Books of 2016” by the Financial Times, and “compelling” by The Wall Street Journal, Cialdini’s *Pre-Suasion* draws on his extensive experience as the most cited social psychologist of our time and explains the techniques a person should implement to become a master persuader. Altering a listener’s attitudes, beliefs, or experiences isn’t necessary, says Cialdini—all that’s required is for a communicator to redirect the audience’s focus of attention before a relevant action. From studies on advertising imagery to treating opiate addiction, from the annual letters of Berkshire Hathaway to the annals of history, Cialdini outlines the specific techniques you can use on online marketing campaigns and even effective wartime propaganda. He illustrates how the artful diversion of attention leads to successful pre-suasion and gets your targeted audience primed and ready to say, “Yes.” His book is “an essential tool for anyone serious about science based business strategies...and is destined to be an instant classic. It belongs on the shelf of anyone in business, from the CEO to the newest salesperson” (Forbes).

**Managing Diversity in the Military** National Academies Press

Life-changing wisdom from 130 of the world’s highest achievers in short, action-packed pieces, featuring inspiring quotes, life lessons, career guidance, personal anecdotes, and other advice

**Pay for Performance** Penguin

**Breakthrough Knowledge Transfer Techniques for Every Professional!** No matter where you work there are people with experience teaching people who need to learn. Everyone is part of this exchange yet few people know how to do it well. Now, there’s a comprehensive how-to manual for effective knowledge transfer: *Teach What You Know*. Steve Trautman introduces simple, practical mentoring techniques he created for engineers at Microsoft, and has proven in many diverse organizations ranging from Nike to Boeing. This is real-world, get-it done advice, organized into a framework you can use no matter what you need to teach. Trautman provides common-sense tools to successfully pass along years or even decades of

experiences: easy-to-use checklists, sample training plans, lists of questions, step-by-step procedures, and a start-to finish case study. *Teach What You Know* will help you orient new employees, support transitions to new assignments and promotions, prepare for employee retirements, build teams, roll out new technologies, and even move forward after reorganizations and mergers.

**Just-in-Time Accounting** Simon and Schuster

From the visionary head of Google’s innovative People Operations comes a groundbreaking inquiry into the philosophy of work -- and a blueprint for attracting the most spectacular talent to your business and ensuring that they succeed. “We spend more time working than doing anything else in life. It’s not right that the experience of work should be so demotivating and dehumanizing.” So says Laszlo Bock, former head of People Operations at the company that transformed how the world interacts with knowledge. This insight is the heart of *Work Rules!*, a compelling and surprisingly playful manifesto that offers lessons including: Take away managers’ power over employees Learn from your best employees-and your worst Hire only people who are smarter than you are, no matter how long it takes to find them Pay unfairly (it’s more fair!) Don’t trust your gut: Use data to predict and shape the future Default to open-be transparent and welcome feedback If you’re comfortable with the amount of freedom you’ve given your employees, you haven’t gone far enough. Drawing on the latest research in behavioral economics and a profound grasp of human psychology, *Work Rules!* also provides teaching examples from a range of industries-including lauded companies that happen to be hideous places to work and little-known companies that achieve spectacular results by valuing and listening to their employees. Bock takes us inside one of history’s most explosively successful businesses to reveal why Google is consistently rated one of the best places to work in the world, distilling 15 years of intensive worker R&D into principles that are easy to put into action, whether you’re a team of one or a team of thousands. *Work Rules!* shows how to strike a balance between creativity and structure, leading to success you can measure in quality of life as well as market share. Read it to build a better company from within rather than from above; read it to reawaken your joy in what you do.

**Competency-based Performance Reviews** AMACOM

What really sets the best managers above the rest? It’s their power to build a cadre of employees who have great inner work lives—consistently positive emotions; strong motivation; and favorable perceptions of the organization, their work, and their colleagues. The worst managers undermine inner work life, often unwittingly. As Teresa Amabile and Steven Kramer explain in *The Progress Principle*, seemingly mundane workday events can make or break employees’ inner work lives. But it’s forward momentum in meaningful work—progress—that creates the best inner work lives. Through rigorous analysis of nearly 12,000 diary entries provided by 238 employees in 7 companies, the authors explain how managers can foster progress and enhance inner work life every day. The book shows how to remove obstacles to progress, including meaningless tasks and toxic relationships. It also explains how to activate two forces that enable progress: (1) catalysts—events that directly facilitate project work, such as clear goals and autonomy—and (2) nourishers—interpersonal events that uplift workers, including encouragement and demonstrations of respect and collegiality. Brimming with honest examples from the companies studied, *The Progress Principle* equips aspiring and seasoned leaders alike with the insights they need to maximize their people’s performance.
