Charles County, MD

When developing Best Practices guidelines, the

Committee looks at existing policies, guidelines,

and resource documents (local and national)

that may be effective in New Hampshire. The

updated 2013 EMS Best Practices include enhancements to: "Operating on Limited Access Highways" SOG (high-visibility vests) "Use of Lights and Sirens" SOG Interim Recommendations for Emergency Medical Services ... Ems Operational Guidelines The National Model EMS Clinical Guidelines can fill a significant gap in uniform clinical guidance for EMS patient care, while also providing input to the evidence-based guideline (EBG) development process. These guidelines will be maintained by the Medical Directors Council of the National Association of State
Alabama Office of EMS

These guidelines are intended to help state EMS systems ensure a more standardized approach to the practice of patient care and to encompass evidence-based guidelines as they are developed. The long-term goal is to develop a full range of evidence-based prehospital care clinical guidelines.
