Conjeturas son intuiciones o hipótesis aún no demostradas. Así descubrió James Parkinson la enfermedad que hoy lleva su nombre. En este libro me baso en

la ciencia oficial pero presto mucha atención a lo que he escuchado de los más de mil parkinsonianos que he tratado. Hago deducciones en lugar de estudios ortodoxos, pero algunas hipótesis pueden abrir caminos de investigación. Por eso me atrevo a presentar mis opiniones, incluso en su estado actual, inmaduro e imperfecto.

When Isabel Allende ' s daughter, Paula,

became gravely ill and fell into a coma, the author began to write the story of her family for her unconscious child. In the telling, bizarre ancestors appear before our eyes; we hear both delightful and bitter childhood memories, amazing anecdotes of youthful years, the most intimate secrets passed along in whispers. With Paula, Allende has written a powerful autobiography whose straightforward acceptance of the magical and spiritual worlds will remind readers of her first book, *The House of the Spirits*.

The explosively provocative, award-winning drama set in a country that has just emerged from a totalitarian dictatorship Gerardo Escobar has just been chosen to head the commission that will investigate the crimes of the old regime when his car breaks down and he is picked up by the humane doctor Roberto Miranda. But in the voice of this good Samaritan, Gerardo's wife, Paulina Salas, thinks she recognizes another man—the one who raped and tortured her as she lay blindfolded in a military detention center years before. Relentlessly paced and filled with lethal surprises, *Death and the Maiden* is an inquest into the darker side of humanity—one in

which everyone is implicated and justice itself comes to seem like a fragile, perhaps ambiguous invention.

Chronicle of a Death Foretold Planeta Publishing
"This book presents three versions of the Godfather/Death motif in English translations as well as the original Spanish. A desperate man makes a pact with Death in order to alleviate pain or sorrow or poverty. Death then makes him a doctor and endows him with the ability to predict life or death, and thus he feathers his nest and his fortune turns. In the end, however, Death demands its pound of flesh, and the day of reckoning arrives." "The three authors of these Death-and-the-Doctor tales are three of nineteenth-century Spain's most well-known short-story writers. Fernan Caballero [Cecilia Bohl de Faber] (1796-1877) first published "Juan Holgado y la muerte [Juan Holgado and Death]" in 1850. It stands out for its humor, relating Fernan Caballero's hapless paterfamilias attempt to escape his numerous children in order to feast on a rabbit, only to have Death, in the shape of an old woman, snatch it from his hands." "Antonio de Trueba (1819-89) first published "Tragaldabas [Glutton]" in 1867. The main characteristic of Trueba's piece is its satire and scathing portrayal, as well as condemnation, of the

medical profession." "Death's Friend" is much more ambitious than Fernan Caballero's and Trueba's tales, and in length approaches a short novel. It is essentially a love story: Gil Gil and Elena, ill-starred lovers, are reunited through divine intervention as both Elena and Death petition God on Gil Gil's behalf." "Taken together, these three Death-and-the-Doctor tales fill a void in the Godfather/Death motif of Western European literature and highlight the universality of Spain's folk tradition."--BOOK JACKET. THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

LA ESTRELLA PERDIDA (Segundo libro de la trilogía a EL PAPIRO). Anchor
E. A. Poe's short story follows Prince Prospero and his friends' futile attempt to outrun and outsmart a deadly plague, called the Red Death. The heart of the story is presented as a masquerade where the guests revel in mirth and intoxication, oblivious of the horrors that await them. The author's narrative techniques revolve around symbolism (number seven, the clock, the black chamber) and provides an allegorical halo around the short story. Witnessing his wife's suffering from tuberculosis and the ravages of cholera in Baltimore at the time, Poe imbues "The Mask" with an air of veracity, but the supernatural reigns supreme. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

"The Lord has shown me that Satan was once an honored angel in heaven, next to Jesus Christ. His countenance was mild, expressive of happiness like the other angels. His forehead was high and broad, and showed great intelligence. His form was perfect. He had noble, majestic bearing. And I saw that when God said to his Son, Let us make man in our image, Satan was jealous of Jesus. He wished to be consulted concerning the formation of man. He was filled with envy, jealousy and hatred. He wished to be the highest in heaven, next to God, and receive the highest honors. Until this time all heaven was in order, harmony and perfect subjection to the government of God."-Ellen G White
