E. A. Poe's short story follows Prince Prospero and his friends' futile attempt to outrun and outsmart a deadly plague, called the Red Death. The heart of the story is presented as a masquerade where the guests revel in mirth and intoxication, oblivious of the horrors that await them. The author's narrative techniques revolve around symbolism (number seven, the clock, the black chamber) and provides an allegorical

halo around the short story. Witnessing his wife's suffering from tuberculosis and the ravages of cholera in Baltimore at the time, Poe imbues "The Mask" with an air of veracity, but the supernatural reigns supreme. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

Conjeturas son intuiciones o hipótesis aún no demostradas. Así descubrí James Parkinson la enfermedad que hoy lleva su nombre. En este libro me baso en la ciencia oficial pero presto mucha atención a lo que he escuchado de los más de mil parkinsonianos que he tratado. Hago deducciones en lugar de estudios ortodoxos, pero algunas hipótesis pueden abrir caminos de investigación. Por eso me atrevo a presentar mis opiniones, incluso en su estado actual, inmaduro e imperfecto.

George Orwell's Nineteen Eighty-Four is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

Brimming with political intrigue and an awakening environmental awareness, a forceful novel raises a red flag to the possibility of a looming drought, like those that have gripped the valley of Mexico since pre-Columbian times and served as the detonator to the War of Independence and the 1910 Revolution, offering a crystal-ball vision of the possible future of Mexico.

“Suspenseful, riveting . . . Achieves a universality that is movingly personal.”  
—The New York Times The explosively provocative, award-winning drama set in a country that has just emerged from a totalitarian dictatorship Gerardo Escobar has just been chosen to head the commission that will investigate the crimes of the old regime when his car breaks down and he is picked up by the humane doctor Roberto Miranda. But in the voice of this good Samaritan, Gerardo's wife, Paulina Salas, thinks she recognizes another man—the one who raped and tortured her as she lay blindfolded in a military detention center years before. Relentlessly paced and filled with lethal surprises, *Death and the Maiden* is an inquest into the darker side of humanity—one in which everyone is implicated and justice itself comes to seem like a fragile, perhaps ambiguous invention.

Nineteen Eighty-Four Lindhardt og Ringhof

One of E. A. Poe's more horror-oriented stories, "The Facts in the Case of Mr. Valdemar" presents the author's obsession with death, scientific experiments, and resurrection. Playing around with forbidden and unscientific methods, Poe vehemently tries to exhibit his own medical knowledge to the reading public, asking for some sort of pardon for the horrific and disgusting end of his experiment. The depiction of gore and "detestable putrescence" paves the way for another master of American horror, H. P. Lovecraft, whose dream journeys and loathsome descriptions owe a

great debt to Poe's story. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Boletín Midwest Theological Forum  
From the Booker Prize winning author of Amsterdam, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently

come down from Cambridge. By day's end, their lives will be changed – irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, An Atonement is a profound – and profoundly moving – exploration of shame and forgiveness, of atonement and of the possibility of absolution.

"This book presents three versions of the Godfather/Death motif in English translations as well as the original Spanish. A desperate man makes a pact with Death in order to alleviate pain or sorrow or poverty. Death then makes him a doctor and endows him with the ability to predict life or death, and thus he feathers his nest and his fortune turns. In the end, however, Death demands its pound of flesh, and the day of reckoning arrives." "The three authors of these Death-and-the-Doctor tales are three of nineteenth-century Spain's most well-known short-story writers. Fernan Caballero [Cecilia Bohl de Faber] (1796-1877) first published "Juan Holgado y la muerte

---

[Juan Holgado and Death]" in 1850. It stands out for its humor, relating Fernan Caballero's hapless paterfamilias attempt to escape his numerous children in order to feast on a rabbit, only to have Death, in the shape of an old woman, snatch it from his hands." "Antonio de Trueba (1819-89) first published "Tragaldabas [Glutton]" in 1867. The main characteristic of Trueba's piece is its satire and scathing portrayal, as well as condemnation, of the medical profession." ""Death's Friend" is much more ambitious than Fernan Caballero's and Trueba's tales, and in length approaches a short novel. It is essentially a love story: Gil Gil and Elena, ill-starred lovers, are reunited through divine intervention as both Elena and Death petition God on Gil Gil's behalf." "Taken together, these three Death-and-the-Doctor tales fill a void in the Godfather/Death motif of Western European literature and highlight the universality of Spain's folk tradition."--BOOK

Un desconcertante secreto de familia es revelado y con ello da inicio un impactante viaje al pasado. De las calles soleadas de Madrid y Valencia a la dureza del exilio en Francia, las atrocidades de las cárceles

franquistas y los campos de concentración alemanes; del Berlín con ecos de la Belle Époque al exotismo de Casablanca, en Marruecos, y luego al México en ebullición de los años cuarenta, En media hora... la muerte es una extraordinaria saga familiar que deja al descubierto los detalles más escabrosos de una época tormentosa. En este dramático recorrido a través del tiempo, el autor descubre los acontecimientos que marcaron su historia personal al narrar por primera vez los sucesos que orillaron a sus padres y abuelos, todos europeos, a abandonar contra su voluntad sus países de origen. La novela más sincera, personal y sobrecogedora de Francisco Martín Moreno que, de la mano de los hechos históricos que marcaron el siglo XX, explora profundamente la increíble capacidad del ser humano para reinventarse en su lucha por sobrevivir y darle un sentido al horror y al dolor.
