To celebrate the
400th anniversary
of Shakespeare's
death, this book
offers fresh and
exciting insights
into the ever-
popular works of
the world's greatest

playwright. It
specifically
highlights
Shakespeare's use
of the archetypal
language of
astrological
symbolism in both
obvious and subtle
ways. Such
references would
have been
commonly known in
Shakespeare's time,
but their deeper
significance is lost
to modern-day
playgoers and
readers. The first
half of the book
describes the
Elizabethan
worldview and how
the seven known
planets were
considered an
integral part of the
cosmos and
instrumental in
shaping human

character. The second half of the book examines six of Shakespeare's best-loved plays in the light of astrological symbolism, showing how they are entirely keyed to a specific zodiacal sign and its associated (or ruling) planet. The chosen plays are *A Midsummer Night's Dream*, *Romeo and Juliet*, *The Merchant of Venice*, *Macbeth*, *The Tempest*, and *King Lear*. Each chapter incorporates information and examples from astrological tradition, classical and Renaissance philosophy, Greek and Roman mythology, esoteric

wisdom, modern psychology (especially that of C. G. Jung), and great literature. Thoroughly researched and well-illustrated, this book illuminates the plays from a fresh perspective that will deepen and profoundly transform how we understand them. *Open graves, open minds* Dragonhawk Pub A fascinating compendium of folklore, superstitions, and mythology surrounding the 'little people', including discussions of fairy tradition as it appears in great works of English

literature. **Fairies** Weiser Books Noted healer Ted Andrews believes it is our unbalanced or blocked emotions, attitudes, and thoughts that deplete our natural physical energies and make us more susceptible to illness. "The Healer's Manual" shows specific ways-involving color, sound, fragrance, herbs, and gemstones-to restore the natural flow of energy. Use the simple techniques in this book to activate healing, alleviate aches and pains, and become the healthy person you're meant to be.

One day Una gave birth to a daughter, beautiful, vivacious and flowing. "I shall name you Isolt of the Waters, for you have brought with you all the springs, rivers, lakes, and oceans." Isolt giggled as Una's noble garden blossomed. Somewhere between Azyllai and the borders of Una's dark

and light, a new world dawned. Born of pure energy and imagination, the Realm of Faerie came into being. Faeries, elves, pixies and brownies drew their first breaths. The bounty of Isolt's waters overflowed from her mother's world into the Realm of Faerie, binding the worlds in symbiotic union. In Faerie, the Great White Sea swelled, pouring itself into the mouth of the Nyssalei River, which flowed through Illialei until it filled the bottomless pool of Lake Vivientiana. Forever, there would be a doorway between the worlds. As Isolt's waters spread, the love of all creation grew for her. Isolt of the Waters is an ancient water elemental whose
