Eminem is the best-selling musical artist of the 21st

century. He is also one of the most contentious and most complex artists of our time. His verbal dexterity ranks him among the greatest technical rappers ever. The content of his songs combines the grotesque and the comical with the sincere and the profound, all told through the sophisticated layering of multiple personae. However one finally assesses his contribution to popular culture, there's no denying his central place in it. This collection of essays gives his

work the critical attention it has long deserved. Drawing from history, philosophy, sociology, musicology, and other fields, the writers gathered here consider Eminem's place in Hip Hop, the intellectual underpinnings of his work, and the roles of race, gender and privilege in his career, among various other topics. This original treatment will be appreciated by Eminem fans and cultural scholars alike.

Encore (Book 3 of the Back-Up Series) Archway Publishing Cabdrivers and their yellow taxis are as much a part of the cityscape as the high-rise buildings and the subway. We hail them without thought after a wearying day at the office or an exuberant night on the town. And, undoubtedly, taxi drivers have stories to tell—of farcical local politics, of colorful passengers, of changing neighborhoods and clandestine shortcuts. No one knows a city's streets—and thus

Growing up in an affluent Jewish family in Plymouth,
Massachusetts, Dick Waterman (b. 1935) was a shy, stuttering
boy living a world away from the Mississippi Delta. Though
he never heard blues music at home, he became one of the
most influential figures in blues of the twentieth century.
A close proximity to Greenwich Village in the
1960s fueled Waterman's growing interest in folk music
and led to an unlikely trip that resulted in the rediscovery of
Delta blues artist Son House in

1964. Waterman began efforts to revive House's music career and soon became his manager. He subsequently founded Avalon Productions, the first management agency focused on representing black blues musicians. In addition to booking and managing, he worked tirelessly to protect his clients from exploitation, demanded competitive compensation, and fought for royalties due them. During his career, Waterman befriended and worked with numerous musicians, including such luminaries as B. B. King, Buddy Guy, Taj Mahal, and

Eric Clapton. During the early years of his career, he documented the work of scores of musicians through his photography and gained fame as a blues photographer. This authorized biography is the crescendo of years of original research as well as extensive interviews conducted with Waterman and those who knew and worked with him. *Billboard* Simon & Schuster Books For Young Readers Provides guidelines to starting a second career during middle age, including tips on how to plan the transition from one career to

Luck can only take you so far... Robbie Howard is a streetwise, fast-talking, unemployed 23-year old living in Leicester with the only person that he cares about, his critically ill grandad. Effectively orphaned at the age of 8, Robbie has grappled with the transition to adult life prompting him to lie to his

grandad about being employed in a job that doesn't exist. His income is usually derived from pedalling stolen goods and participating in other low-level scams with colourful drug addicts and small-time petty criminals. When the opportunity arises to dupe an elderly charity shop worker and steal a high-value donation of clothes by a local rock star, Robbie can't resist. But Robbie realises he's in too deep when the son of the charity worker, Egan, catches on to his game. Could

Lawrence Tierney

(1919–2002) was the kind of actor whose natural swagger

and gruff disposition made him the perfect fit for the Hollywood "tough guy" archetype. Known for his erratic and oftentimes violent nature, Tierney drew upon his bellicose reputation throughout his career—a reputation that made him one of the most feared and mythologized characters in the industry. Born in Brooklyn to Irish American parents, Tierney worked in theater productions in New York before moving to Hollywood, where he signed with RKO Radio Pictures in 1943. His biggest roles would come in *Dillinger* (1945), in which he played 1930s gangster and bank robber John Dillinger, and Robert Wise's film noir classic *Born to Kill* (1947). Despite his natural talents, Tierney was trouble from the start, struggling with alcoholism and mental instability that emboldened him to start fights whenever and wherever he could. The continued bouts of alcohol-fueled rage, his subsequent stints in jail, and his continued attempts at rehabilitation curtailed his acting career. Unable to find work throughout much of the 1960s, he did a stint in Europe before eventually returning to New York, where he took odd jobs as a construction worker, bartender, and hansom cab driver. In the mid-1980s Tierney returned to acting. With a somewhat cooler head, he established himself again with recurring roles in shows such as *Seinfeld* and *Star Trek: The Next Generation*. He would take on his final projects as a septuagenarian in *Reservoir Dogs* (1992) and *Armageddon* (1998), where his on-set behavior would once again draw the ire of his colleagues and studio representatives.
