In the Food Network star's first book, Giada De Laurentiis helps you put a

fabulous Italian dinner on the table tonight, for friends or just for the kids, with a minimum of fuss and a maximum of flavor. Everyday Italian is true to its title: the fresh, simple recipes are incredibly quick and accessible, and also utterly mouth-watering—perfect for everyday cooking. And the book is focused on the real-life considerations of what you actually have in your refrigerator and pantry (no mail-order ingredients here) and what you're in the mood for—whether a simply sauced pasta or a hearty family-friendly roast, these great recipes cover every contingency. So, for example, you'll find dishes that you can make solely from pantry ingredients, or those that transform lowly leftovers into exquisite entrées (including brilliant ideas for leftover pasta), and those that satisfy your yearning to have something sweet baking in the oven. There are 7 ways to make red sauce more interesting, 6 different preparations of the classic cutlet, 5 perfect pestos, 4 creative uses for prosciutto, 3 variations on basic polenta, 2 great steaks, and 1 sublime chocolate tiramisù—plus 100 other recipes that turn everyday ingredients into speedy but special dinners. What's more, Everyday Italian is organized according to what type of food you want tonight—whether a soul-warming stew for Sunday supper, a quick sauté for a

---

weeknight, or a baked pasta for potluck. These categories will help you figure out what to cook in an instant, with such choices as fresh-from-the-pantry appetizers, sauceless pastas, everyday roasts, and stuffed vegetables—whatever you're in the mood for, you'll be able to find a simple, delicious recipe for it here. That's the beauty of Italian home cooking, and that's what Giada De Laurentiis offers here—the

essential recipes to make a great Italian dinner. Tonight. **Arranged** Harlequin Kerry Martin wants a different childhood for her unborn baby than the one she had. It has become common knowledge that childhood obesity rates are increasing every year. But the rates continue to rise. And between busy work schedules and the inconvenient truth that kids simply refuse to eat vegetables and other healthy foods, how can

---

average parents ensure their kids are getting the proper nutrition and avoiding bad eating habits? As a mother of three, Jessica Seinfeld can speak for all parents who struggle to feed their kids right and deal nightly with dinnertime fiascos. As she wages a personal war against sugars, packaged foods, and other nutritional saboteurs, she offers appetizing alternatives for parents who find themselves succumbing to the fastest and easiest (and least healthy) choices available to them. Her modus operandi? Her book is filled with traditional recipes that kids love, except they're stealthily packed with veggies hidden in them so kids don't even know! With the help of a nutritionist and a professional chef, Seinfeld has developed a month's worth of meals for kids of all ages that includes, for example, pureed cauliflower in mac and cheese, and kale in spaghetti and meatballs. She also provides revealing and humorous personal anecdotes, tear-out shopping guides to help parents zoom through the supermarket, and tips on how to deal with the kid that "must have" the latest sugar bomb cereal. But this book also contains much more than recipes and tips. By solving problems on a practical level for parents, Seinfeld addresses the big picture issues that surround childhood obesity and its long-term

---

(and ruinous) effects on the body. With the help of a prominent nutritionist, her book provides parents with an arsenal of information related to kids' nutrition so parents understand why it's important to throw in a little avocado puree into their quesadillas. She discusses the critical importance of portion size, and the specific elements kids simply must have (as opposed to adults) in order to flourish now and in the future: protein, calcium,

vitamins, and Omega 3 and 6 fats. Jessica Seinfeld's book is practical, easy-to-read, and a godsend for any parent that wants their kids to be healthy for a long time to come. *Lord Dashwood Missed Out* Harlequin Sienna knocked on the doors of her aunt's restaurant looking for advice.
