The Diesel Direct Fuel Injection (DFI) Engine Control Module (ECM) is equipped with Diagnostic Trouble Code (DTC) memory. Before starting repairs, adjustments and/or troubleshooting: - Check DTC memory for

possible stored Diagnostic Trouble Codes (DTCs) page 01-15 . - Check Diesel DFI ECM output signals to

Diesel Turbo Direct Injection (TDI) system, servicing

AAZ was the old 1.9 litre indirect-injection engine, 1993 - 1997 in Canada only (it was never sold in USA - VW skipped diesel availability completely in USA throughout this engine's production run). The injection system is totally mechanical. 1Z is the first TDI engine, '96 - '97 Passat and possibly some early '97 Jetta TDI.

VWVortex.com - Differences between AHU, AAZ, IZ engine types

VOLKSWAGEN PASSAT B5 What glow plug do I need Rang my local autostore today to see if they had any plugs in stock Its a 3B passat btw AFN engine apparently Anyways he says there is two types of glow plug for mine (one is 6 each and

another is 9 each) He says one is a plug on connector and one is a screw on connector. I took the cam cover off it today and had a quick look anyway of telling.

volkswagen vento engine codes; ... In the overview, you will then get a list of the engine codes with the years of construction and engine capacity. If there is a match with other car makes and car models, these will also be shown in the overview. ... Engine code AAZ. Submit Engine code AAZ request. Search Engine code AAZ stock. Make. Year of ... Club 80-90 Forums • View topic - AAZ to AHU conversion

Mileage is considerably better with the TDI due to decreased heat losses and pumping losses over the pre-combustion chamber design of the AAZ. With a mechanical pump, the TDI (1z ah) and AAZ installations are very similar. Considering the high cost of the AAZ engines I would certainly bypass them and go for the TDI.

1Z is a TDI direct injection electronically
controlled rotary-pump engine, the first version
of TDI to be sold in North America (1996 -
1997 Passat TDI and some early 1997 Jetta
TDI). AAZ is an older style mechanical-pump
indirect-injection (prechamber) engine. It is a
development (longer stroke) of the old 1.6 TD
engine. Not TDI.

Not looking to make the engine a huge power plant, just perhaps a few tweaks to produce good mileage and a little more power & torque increase. I didn't see much about AHU engine build threads, if I missed any of importance please direct me. But not sure if the AHU, engine varies from AAZ, ALH etc builds, there must be some differences?

Engine Aaz 1z Ahu Construction

This is a Brand NEW OEM upper timing cover with the step. It fits Late 1.6 Diesel, 1.6 turbo Diesel, The 1.9 TD code AAZ engine, the 1.9 Natural Aspirated 1Y engine, the 1.9 TDI Code 1Z, AHU, And AFN Engine. The Original part # is 028-109-123H. This part is an original VW part with the logo stamped on it.

Grease Works shop notes: 2.0l m-TDI custom engine build

Hi all, not trying to go over old ground here but I've read heaps and heaps of info and I think I'm suffering from overload! I've read a lot about converting from standard to both AAZ and 1Z/AHU but can't find much on upgrading from one to the other, I think I will have about a million questions but let's start off with a couple that should be quite easy!
