Big Blackstone Engine Start Up!

Blackstone was a farm implement maker. In 1896 they built lamp start oil engines. By 1912 they had developed a new diesel engine that ran on vaporized oil and was fired by a spark. It did not need a hot bulb like most engines of the time. By 1919 they had mounted a 25 hp 3 cylinder version in a crawler tractor, which they built till 1925. Garrett assembled some of these tractors. They were ...
