The history of the Audi A3
model dates back to 1996,
when the three-door
hatchback came out on
the European market. The
ideological heir to the
1974 Audi 50 was based
on the PQ34 platform with
McPherson ramps in front,
but unlike the one-
summer Golf of those
years, the Audi A3
received a multi-purpose
suspension in the back
instead of a torsion bar.
