If the traction control light comes on while you ' re driving, but no other warning lights are illuminated, don't panic. Find a safe place to pull over, turn off your vehicle, and then restart it. If a fluke in the TCS system triggered the warning light, it should turn stay off when you restart the engine.

Engine Light, Traction Control Light, Rough Idle - 2CarPros

I have a 2009 Pontiac Vibe with 43,000 miles. Recently the check engine light, the vehicle stability control light and the traction control system light all came on simultaneously. Since then they have all come on or all gone off several times.

Usually once they come on, they stay on for the remainder of the trip.

Chevy Silverado ABS and Traction Light Fix, Solved

My check engine light is on as well as the traction control light.

I think the two are connected.

Track Auto gave me the code.

My mechanic said that he suspects a recirculation valve that allows unburned gases to be fed back through the firing process as the problem.

How to fix ABS light, Traction Control light, Service Stabiltrack light

The traction control system

(TCS) helps a driver maintain control and stability of the vehicle if it loses grip and starts to skid or slide. The TCS automatically senses when a wheel loses traction at any time and can be triggered automatically as soon as this is detected. Loss of traction most commonly occurs in

ice or snow, so the TCS shifts power from the wheel that is slipping to the ...

Warning Light Is ... -
RepairPal.com
I have the same problem, flashes
service stabiltrak, service
traction control, check engine
light. I put my bluetooth code
reader on it and get the P0300
code (random cylinder misfire)
but didnt think too much about
that, I just put some Seafoam fuel
system cleaner in it but the
problem only got worse.
Engine Light And Traction
Control

My engine warning light
illuminated and my traction
control light came on and I
noticed some warnings
scrolling through at the bottom
saying: "ENGINE POWER
REDUCED, SERVICE
TRACTION CONTROL,
SERVICE STABILTRAK".
it blew my mind! Meanwhile, I
noticed my truck slowing down
no matter how much gas I gave
it.
